

PC RESOLUTION NO. 06-016

A RESOLUTION OF THE PLANNING COMMISSION OF THE CITY OF POMONA APPROVING A CONDITIONAL USE PERMIT (CUP 06-005) TO ALLOW AN ON-SALE GENERAL ALCOHOL LICENSE AND LIVE MUSIC FOR A NEW RESTAURANT IN THE MU-CBD (MIXED USE-CENTRAL BUSINESS DISTRICT) LAND USE ZONE IN THE DOWNTOWN SPECIFIC PLAN ON PROPERTY LOCATED AT 101 WEST MISSION BOULEVARD.

THE PLANNING COMMISSION OF THE CITY OF POMONA DOES RESOLVE AS FOLLOWS:

WHEREAS, there has heretofore been submitted by Yao Chi Yang, a request for Conditional Use Permit (CUP 06-005) to allow an on-sale general alcohol license and live music at a new restaurant located at 101 West Mission Boulevard;

WHEREAS, pursuant to Zoning Ordinance Sections .580 and .5809, a conditional use permit is required to allow alcohol on-sale establishments in the MU-CBD (Mixed Use - Central Business District) land use zone of the Downtown Specific Plan;

WHEREAS, the Planning Commission of the City of Pomona has, after giving notice thereof as required by law, held a public hearing on March 8, 2006 concerning the requested Conditional Use Permit CUP 06-005; and

WHEREAS, the Planning Commission has carefully considered all pertinent testimony and the staff report offered in the case as presented at the public hearing;

NOW, THEREFORE, BE IT HEREBY RESOLVED:

SECTION 1. The Planning Commission exercising independent judgment has determined that, pursuant to the Guidelines for Implementation of the California Environmental Quality Act (CEQA), this action as defined is categorically exempt, under a Section 15301, Class 1 exemption (Existing Facilities), in that the action involves the licensing and minor alteration of a restaurant.

SECTION 2. Pursuant to Section .580.B of the Zoning Ordinance, the Planning Commission must make the five findings listed below in order to grant a conditional use permit. Based upon a consideration of the whole record before it including, but not limited to, the staff report, public testimony received at the public hearing on this matter, and evidence made part of the public record, the Planning Commission hereby finds as follows:

1. *The proposed use at the particular location will contribute to the general well being of the neighborhood or community.*

The on-sale general (beer, wine, and distilled spirits) license and live music will enhance the new restaurant by providing a service and convenience to the public. The sale of alcohol will be incidental to the primary use, which is a bonafide restaurant. The live music will be limited to solo entertainment and be used as background music within the indoor area of the restaurant. Furthermore, the addition of alcohol and live music to the services provided will help ensure the economic viability of the new use, thus increasing the likelihood that the business will continue operating and providing dining opportunities to local residents. The on-sale general alcohol license and limited live music will not affect the general welfare of the neighborhood.

2. *Such use will not, under the circumstances of the particular case, be detrimental to the health, safety, peace, or general welfare of persons residing or working in the vicinity or detrimental to the use, valuation, or enjoyment of property or improvements in the vicinity.*

The applicant's request to enhance the new business will not be detrimental to the health, safety, peace or general welfare of people working and living in the area. The sale of beer, wine, and distilled spirits as mentioned will be incidental to the primary use. The live music will not have a negative impact because it will be limited to the indoor area. Furthermore, to ensure that these uses do not negatively impact the community, conditions will be placed, restricting the operations of the restaurant.

3. *That the site for the proposed use is of adequate topography, size, and shape to accommodate said use, as well as all yards, spaces, walls, fences, parking, loading, landscaping, and any other features necessary to allow said use in the neighborhood.*

The subject site is approximately 16,712 square feet, sufficient enough in size to accommodate all of the development standards of the MU-CBD (Mixed Use - Central Business District) zone.

4. *The site abuts streets and highways adequate in width and improvements to carry traffic generations by the proposed use.*

The subject site is located on Mission Boulevard, a major arterial street with two lanes for each direction going east and westbound that is capable of handling any additional vehicle trips generated by the proposed use.

5. *The granting of such a conditional use permit will not adversely affect the General Plan of the City.*

Granting of the permit will not adversely affect the General Plan of the City in that the proposed on-sale general license and live music will add to the mix of services provided at the Mission Promenade, and would be consistent with the intent of the General

Plan's *Commercial* land use category, including the following policy in the Economic Development Element:

"It is the policy of the City of Pomona to encourage, with all means possible, the economic development and redevelopment of Pomona by the private sector."

SECTION 3. Based upon the above findings, the Planning Commission hereby approves the proposed Conditional Use Permit CUP 06-005 subject to compliance with all applicable laws and ordinances of the City as well as the addition of the following conditions, violations of which (or failure to complete any of which) shall constitute grounds for revocation of the conditional use permit or any portion thereof:

Public Works Department – Water engineering

Main Line

24. If required by the Los Angeles County Fire Department, (LACFD) confirm the static pressure within the existing 8-inch main along the south side of Mission Boulevard by performing a flow test on nearby fire hydrants. Call the City's Public Works Department to request the flow test.
25. Verify with the LACFD if additional fire hydrants are required near the site. If any new fire hydrants are required, the hydrants must be within five feet or more from proposed driveways and off of parking spaces. If the existing fire hydrant at the northwest corner of the site needs to be relocated or removed, notify the City's Utility Services Department.
26. Provide "hot tap" connections between the existing water main and all new service lines for each meter within the proposed project site.

Domestic, Irrigation, and Fire Service Line

27. Contact the Utility Business Services at (909) 620-2241 for information on new meters and all applicable meter fees. The City will install meters less than or equal to 2 inches in size. The Contractor for the project is responsible for installing meters greater than 2 inches in the public right-of-way.
 28. The edge of all new meter vaults should be located 2 inches from the face of the curb per Standard No.'s 11 and 12 of the *City of Pomona Water Division Standard Specifications for Water Facility Construction, December 2001*. Do not place meters in driveways or parking spaces to allow City personnel access to these meters for future maintenance.
 29. For an extra fee, the City staff can also install the service lines between the existing main and all new meters. Provide individual service lines from the main to each meter. Do not use manifold service lines from the main. Individual meters should be spaced 18 inches or more from each other.
-

30. Approved backflow devices are required for all service lines to the site. List the brand and model of these devices on utility plans. The following mains require specific types of backflow devices:
 - a. Reduced pressure devices are required for irrigation service lines to the proposed site; and
 - b. Double check detector assembly devices are required for all fire sprinkler service lines.
31. Submit site plans to the City for review and approval prior to the CUP permit approval showing water meters, service lines, backflow devices, and existing water mains. The Utility Services Department requests that these plans be sent in both hard copy and electronic (AutoCAD) format.

Sewer

32. The existing sewer laterals can continue to be used for the site.
33. Submit site plans to the City for review and approval prior to the CUP permit approval showing all existing and proposed sewer mains, laterals, and manholes, if required. The Utility Services Department requests that these plans be sent in both hard copy and electronic (AutoCAD) format.

TO 2:00 A.M., FRIDAY AND SATURDAY IN CONJUNCTION WITH ON-SALE GENERAL ALCOHOL LICENSE AND LIVE MUSIC FOR AN EXISTING BONA FIDE RESTAURANT (SAKURA ICHI) IN THE MU-CBD (MIXED USE-CENTRAL BUSINESS DISTRICT) OF THE DOWNTOWN POMONA SPECIFIC PLAN (DPSP) ON PROPERTY LOCATED AT 101 WEST MISSION BOULEVARD, #101

THE PLANNING COMMISSION OF THE CITY OF POMONA DOES RESOLVE AS FOLLOWS:

WHEREAS, the applicant, Yao Chi Yang, has filed an application for a Conditional Use Permit Modification (CUPM 06-005) request to allow an extension of closing hours from 10:30 p.m. to 2:00 a.m., Friday and Saturday for an existing restaurant (Sakura Ichi) located at 101 West Mission Boulevard, #101;

WHEREAS, pursuant to Section .580 of the Pomona Zoning Ordinance, which establishes criteria for a Conditional Use Permit, approval by the Planning Commission is required for modifications to a previously approved Conditional Use Permit (CUP 06-005);

WHEREAS, the Planning Commission of the City of Pomona has, after giving notice thereof as required by law, held public hearings on April 22, 2009 and May 27, 2009, concerning the requested Conditional Use Permit (CUP 09-001); and

WHEREAS, the Planning Commission has carefully considered all pertinent testimony and the staff report offered in the case as presented at the public hearing.

NOW, THEREFORE, BE IT HEREBY RESOLVED by the Planning Commission of the City of Pomona, California:

SECTION 1. The Planning Commission exercising their independent judgment has determined that pursuant to the Guidelines for Implementation of the California Environmental Quality Act (CEQA), that the project is Categorically Exempt under Section 15301, Class 1 (Existing Facilities), because the proposed project will utilize an existing structure where all public services and facilities are available to serve the project.

SECTION 2. In any part, provision, or section of this resolution is determined by a court or other legal authority with jurisdiction over the subject matter of this resolution to be unenforceable or invalid, the remainder of the entirety of this resolution shall not be affected and shall continue in full force and effect. To this end, the provisions of this resolution are severable.

SECTION 3. In accordance with Section .580.B of the Zoning Ordinance, the Planning Commission must make five (5) findings in order to approve Conditional Use Permit Modification (CUP 06-005). Based on consideration of the whole record before it, including but

not limited to, the staff report, public testimony received at the public hearing on this matter, and evidence made part of the public record, the Planning Commission hereby finds as follows:

1. *The proposed use at the particular location will contribute to the general well being of the neighborhood or community.*

The proposed extension of closing hours in conjunction with the on-sale general (beer, wine, and distilled spirits) license and live music will contribute to the general well being of the neighborhood and community by providing an existing restaurant with similar privileges enjoyed by other restaurants in the downtown area. Further, the service and convenience to the public of continued dining experiences with the requested hours of operation will not create adverse impacts to the surrounding community. The sale of alcohol will be incidental to the primary use, which is a bona fide restaurant. The live music will be limited to a solo artist, or small group, and be used as background music within the indoor area of the restaurant, and will be further limited to cease live music at 10:30 p.m., daily. Furthermore, the modification of closing hours, in conjunction with the on-sale alcohol use to the services provided will help ensure the economic viability of the restaurant use, thus increasing the likelihood that the business will continue operating and providing dining opportunities to local residents. The on-sale general alcohol license and limited live music will not affect the general welfare of the neighborhood.

2. *Such use will not, under the circumstances of the particular case, be detrimental to the health, safety, peace, or general welfare of persons residing or working in the vicinity or detrimental to the use, valuation, or enjoyment of property or improvements in the vicinity.*

The applicant's request to extend the closing hours of the restaurant will not be detrimental to the health, safety, peace or general welfare of people working and living in the area. The sale of beer, wine, and distilled spirits as mentioned will be incidental to the primary use. The live music will not have a negative impact because it will be limited to the indoor area and will cease at 10:30 p.m., as conditioned and currently allowed. Furthermore, to ensure that these uses do not adversely impact the community, conditions will be placed restricting the operations of the restaurant by prohibiting dancing, outdoor entertainment, and DJ amplified music.

3. *That the site for the proposed use is of adequate topography, size, and shape to accommodate said use, as well as all yards, spaces, walls, fences, parking, loading, landscaping, and any other features necessary to allow said use in the neighborhood.*

The subject site is approximately 16,712 square feet, sufficient enough in size to accommodate all of the development standards of the MU-CBD (Mixed Use - Central Business District) zone.

4. *The site abuts streets and highways adequate in width and improvements to carry traffic generations by the proposed use.*

The subject site is located on Mission Boulevard, a major arterial street with two (2) lanes for each direction going east and westbound that is capable of handling any additional vehicle trips generated by the modification of closing hours for the existing restaurant.

5. *The granting of such a conditional use permit will not adversely affect the General Plan of the City.*

Granting of the permit will not adversely affect the General Plan of the City in that the modification of closing hours for the existing restaurant, in conjunction with the on-sale general alcohol use and live music, as conditioned, will continue to add to the mix of services provided at the Mission Promenade, and would be consistent with the intent of the General Plan's *Commercial* land use category, including the following policy in the Economic Development Element:

"It is the policy of the City of Pomona to encourage, with all means possible, the economic development and redevelopment of Pomona by the private sector."

SECTION 3. Based upon the above findings, the Planning Commission hereby approves Conditional Use Permit Modification (CUPM 06-005), subject to the following conditions:
