

100 SERIES

SINGLE-HUNG WINDOW

★★★★ 4.1 (14)

100 Series single-hung windows allow ventilation through a single operable lower sash that slides up and down. Made with our sustainable composite Fibrex® material, it's our budget-friendly single-hung window.

- Made with our sustainable composite Fibrex® material which is twice as strong as vinyl
- Clean corners for a refined look
- Standard sizes up to 4' wide and 7'6" high. Custom sizes available.

COMPOSITE - THE SMART ALTERNATIVE TO VINYL

We developed a material that is 2x as strong as vinyl, performs better when exposed to extreme temperatures and delivers exteriors that **won't fade, flake, blister or peel**. We call it Fibrex® material. It's made up of reclaimed wood fiber and thermoplastic polymer that is fused together and is unique to Andersen.

What Is Fibrex® Material?

- A blend of 40 percent wood fiber by weight, mostly reclaimed from Andersen manufacturing processes, with 60 percent thermoplastic polymer by weight, some of which is also reclaimed.
- Blocks thermal transfer nearly 700 times better than aluminum to help reduce heating and cooling bills.
- Reduces VOC emissions because no wood preservative treatments or painting is required.
- Twice as strong as vinyl, so weathertight seals stay weathertight.
- Retains its stability and rigidity in all climates.
- A unique fabrication process blends the color with the Fibrex® material during production for long-lasting beauty.
- Resists rot, decay and fungal growth, and won't flake, blister, peel, pit or corrode *
