Address	Artist: Angel Barrientos	Artist: Michelle Emami	Artist: Nychole Owens	Artist: Partick Barwinski
Whittier	Very bright art, reminds me of kids TV shows	Nice art, looks like something you would find in a church	Art looks like a mix of renaissance and space	Very beautiful art, vibrant and inspirational. Really like the look of the basketball court design and creativeness of the inspiration designs. My favorite of all the proposals.
Pomona	I dont like the rainbows, this feels like we are displaying a different kind of love to our kids & it shouldn't be a place where a discussion like this should happen. We need to keep it neutral - because although it is a park, parents are the ones who are taking and driving their kids to the park.	This is the best, it represents the city and the ethnic background of the community	There feels like there's a lot going on	I like the art entrance blocks but not the rainbow unity design. unity should be people holding hands, not rainbow.
Moreno Valley	I'm not familiar with their work.	I'm not familiar with their work.	I'm not familiar with their work.	Patrick has been instrumental in kickstarting our city's public art initiative. When we began our public art program in late 2023, Patrick was a key leader in ensuring the program was succesfull and that the community was engaged in the process. In less than two years, Patrick has completed two of his masterpieces at our Conference and Recreation Center, which are arguably the best murals we have in town. His style is unique and our community is blown away by the pieces he's painted for Moval.
Pomona	I like how you matched the inspiration for half the court but not a fan of the characters thru out the park. Overall 6 out of 10	Court seems a bit to detailed for the ground. But the Bee hives and stain glass walls look great would have liked to see more of that style thru out the park. Overall 7 out of 10	Deep concepts thru out - very detailed and the only one utilizing the city logo. Not a fan of the trash can concept. Overall 8 out of 10	A lot happening very vibrant, bright and consistent thru out. I like how you recreated the inspiration making them all flow together. Overall 9 out of 10
San diego	N/a	N/a	N/a	The colors Patrick is using for this project are beautiful and work well With the spaces. The designs are so unique and inspiring! It makes the space more welcoming , more beautiful, and more inviting which ultimately will Bring the community together.
Los Angeles	I am not familiar with this artist	I am not familiar with this artist	I am not familiar with this artist	Since I have seen Patrick in action, I can stay with full confidence that Patrick Barwinski delivers an incredible and unique vision when developing wall art. His work ethic and overall dedication to a project is unmatched and I'm looking forward to his next project.
Corona	Like his colors scheme	I like her using kids pictures for designs.	The walls with silhouettes are nice	I like the artist theme. I like how his designs all tie into each other. Also letting the kids be a part of the project is something they can always look at when yhey go to the park, knowing they help designs it
Moreno Valley				We have always enjoyed seeing Pat's artwork in public places. He has great skill in expressing his creativity through his murals.
Pomona	Great art for people of all ages, colors and characters stand out.	Basic design	Colors blended like plants	Basic colors
Pomona	I've been a fan of Angel's work for years. It's refreshing to see a Pomona native thrive though art, and having his art reflected within Pomona would be a great way to show how Pomona appreciates their citizens.	No comment	No comment	No comment

Moreno Valley	I found some of the design choices confusing and disjointed. I feel this proposal leans to close to duplicating the inspiration pieces instead of being inspired by the pieces.	Some interesting concepts, but I felt other proposals were better	I like the bold pattern and colors, but like another proposal better	The proposal by Patrick Barwinski was by far my favorite. The cemetery, bold line work and colors are amazing.
Pomona	El es el idicado para ser ese mural porque el nasio en pomona y es criado en pomona y lo quieren mucho y tiene muncha carisma y es muy.sensillo pOr eso le deverian de dar 1 oportunidad gracias por su atencion	Estaria bien	Muy bonito seria	Fantastico
Moreno Valley	This was ok but lacked feeling	This was ok but not necessarily what I would vote for	Not bad but not great	I love this representation, not only extremely visually pleasing, vibrant, detailed but also very representative of this particular area, as a Southern California born and raised I would be proud to have this piece done and to have see people taking pictures and being proud of our city
Pomona	Angel- Yes, please continue to beautify our city. Your art is iconic of Pomona.	Nice but no.	Nice but no.	Nice but no.
Switzerland	.	.	.	The best artist!!! I am looking forward to see his art at this project
Pomona	This young man is a pillar in the Pomona community. He and his father whom has left us have been such motivation for us. I feel that Angel being raised in Pomona and also known all over the world will be the best candidate to paint these walls in Hamilton Park. He has other areas which are crafted by him as well. Everytime we see his art we are reminded of what a great man he is.	Very beautiful	Nice	Awesome
Moreno Valley	I did like Angel Barrientos' designs, but they were my second choice.	I don't know this artist's work but he would be my third choice	Without being disrespectful and being honest, I feel that the artist lacks experience.	Hello City of Pomona, my name is Roberto Cervantes, an artist with over 25 years of experience. I have been reviewing the artists' proposals and the most ambitious and outstanding artistic project among all the other artists is that of Barwinski. I know his work and I know that he has the talent, experience and skill to do quality work. When executing this project, experience counts for a lot and I know that Patrick will do an excellent job.
Pomona	I support this artist!	I support	I support	I support
Pomona	The one that stood out to me the most would be Angel Barrientos. With his loud and vibrant colors, it makes his designs stand out more. His designs look more professional. Which I feel the community will respect it and won't get vandalized.	I feel like Michelle Emami has more of church pre-school feel to it.	Nichole would be my second choice. Her art is nice, simple and clean.	I understand that this artist is trying to relate to kids, but I feel there was no effort and I feel like this might invite the kids to add on their own art to walls. (vandalism)
Pomona	Angel is a beautiful person inside and out he is sweet, polite, helpful and hard working young man. He puts and pours his heart out into everything he does both as an artist and as a father,son,brother and friend.he's Art is not only beautiful but it brings a smile to your face when you come across it over town. It would mean a lot if he was chosen for this wonderful proposal. Thank you	No comment	No comment	No comment
Pomona	I like how he incorporates the kids vision with a touch of his. I like how he uses vibrant colors to bring life to his projects around the city. Definitely would be a great choice for this beautification project.	N	N	N
Riverside	It's nice	Use of color nice	Creative	Love the concept of incorporating fun colors to the basketball court. I also loved the color tiles and use of color in the playground. Best

Pomona	I can't think of anyone else more perfect for this than Angel. He is Pomona and it would just add to all the positive and encouraging art work he has done already. My kids play at this park I feel it would really inspire them to see all the beautiful artwork.	Yes	Yes	Yes
San Diego	N/a	N/a	N/a	I really love the Talavera idea and how it represent the diverse community of Pomona! Additionally the flowers and butterflies are beautiful , on top of being abstract the meaning behind it is significant. They are tied in together very well by being vibrant, lively, beautiful, and unique
Moreno Valley	Hmm looks like graffiti.	I like the bees.	Nice but I don't like the realistic art.	Love this one. The bright colors are beautiful and it reminds me of hispanic tiles. The basketball court is so cool. This one is my favorite.
Temescal	Na	Na	Na	Patrick Barwinski for the win!! His art is amazing.
Murrieta	.	.	.	I grew up with him in Moreno Valley playing soccer. He was my best friend growing up. He moved to Brazil to pursue art, and we grew apart. Watching him paint a mural in our hometown after all that. Touched my freaking heart. He even put together a video of us soccer players paying tribute to our now resting couch. He's got the biggest heart you will ever witness. If you choose him, you won't be disappointed. Oh yeah, he has art at the Coachella festival. I barely talk to him btw. It's all love.
Pomona	I liked the basketball court designs	I liked the entrance art blocks	I liked the restroom walls	I liked the basketball court and entrance art blocks
Pomona	Great Artist & Artwork #2	#1 choice	#3	#4
Upland	Family was raised and currently living in Pomona. It's excited to see that Angel (Once) is an option for this project. We love driving around looking for Charlie it will be more exciting to be able to take our kids to play in a park where a local artist is making his mark. Such an inspiration for the kids in Pomona to see that a former child from Pomona can achieve anything they put their mind to and give back to their community. Love that he incorporated the kids art into his.	Beautiful artistry but feel like artist completely changed the kids pictures and made it completely different.	Not exactly what I would like to see in a Pomona park.	I don't feel like this artist represent Pomona.
Pomona	I felt his art best represented the kids art work. Along with his bright full of color elephant. I too feel his creation would inspire kids to want to go visit their own art work in person.	Nice work.	Nice work	Nice work
Pomona	Me gusta sus colores y la sorinsa. Yo ev visto a Angel en la ciudad y me gusta su arte.	Si me gusto poquito	no me gusto	Si me gusto poquito
Pomona	Being a local, i have seen angel's work throughout the City. I am happy to continue seeing his art in a park that needs more color. He knows our City and knows our kids.	i like the colors	Amazing artistry but not for a park.	His was nice.
