**DISCUSSION:**

The real property addressed as 911-921 E. Sixth Street, APN 8335-018-023, is an 8,346 square-foot residential parcel consisting of portions of the East 32.70 ft of Lot 22 and the West 35 ft of Lot 21 in Block “B” and of Walker Dole Tract recorded in Book 11, Page 105 of Miscellaneous Records both in the Los Angeles County Recorder’s Office. The property is located on the north side of Sixth Street, east of S. Caswell Avenue, and is developed with a 1,296-square-foot tri-plex (MULTI-FAMILY RESIDENTIAL) units, and a 940-square-foot (SFR) unit and an attached three single car garage. The vehicular access to the property is provided via one driveway approach on Sixth Street.

In May of 2024, a permit application was submitted to the Pomona Building and Safety Division for the conversion of a 3 single car garage to a 588-square-foot ADU residential unit. As part of the proposed project, the owner submitted a lot merger application to the Public Works Engineering Division to consolidate the aforementioned lots into one parcel. The purpose of the merger is to eliminate the lot line crossing under one of the existing residential structures and facilitate the completion of the proposed property improvements.

Lot Merger LM7-2024 is submitted in accordance with Section 66499.20.3 of the California Government Code (Subdivision Map Act) and Section 29-50(b) of the 1959 Pomona City Code as currently adopted by reference under Chapter 78-1. In accordance with the Pomona City

Code, lot mergers requested by the owner of contiguous parcels that have not been previously considered by the Planning Commission shall be submitted to the City Council for approval.

The proposed lot merger is in conformance with the City's General Plan and the City's Zoning Ordinance. This action will merge portions of two legal lots, both designated by APN 8335-018-023, into one parcel, as described in EXHIBIT "A" and shown on the map depicted by EXHIBIT "B" to EXHIBIT "1" of Attachment No. 1.

The approval and adoption of the Resolution will allow the recording of the proposed lot merger and will facilitate the completion of the project in accordance with the approved development plans.
