WHY MIRACLE[®]

Miracle brings you the thrills of a lifetime.

Miracle is one of the nation's first and most innovative playground equipment manufacturers. We first began shaping the future of play in 1927 when our founder Johnnie Ahrens created the Whirl — a tilting, kid-powered merry-go-round — based on the timeless insight that, **"Kids want action."**

That same inspiration has driven more than 90 years of innovation, including the introductions of the first fiberglass slide (1963), the 25-foot Mega Tower® (2000s), and the Avalanche Inclusive Slide (2015). Our latest advance, the Extreme Generation adventure playground, delivers challenging physical events for kids seeking extreme play. Its design brings play to new heights, with innovative, fully-enclosed skyways that provide elaborate rope-course-inspired activities far above ground, safely adding an element of perceived risk to any play space. This never-ending dedication to innovation is the reason why, even after more than 90 years, the Miracle legacy remains focused on building yours.

The Miracle Advantage

We believe the experience of building a playground should be as intuitive as playing on it. From design, specification, funding, purchasing and installation, we'll be with you every step of the way. Our customized design process is free because there should never be a charge to dream.

Let's get you started by envisioning a playground that is meant for your community and right for your budget. It's why our legacy has always been about building yours.

VERSALOK®

Our clamp design eliminates the need for stacking multiple clamps and features a stainless steel tamper resistant fastener.

GATOR GRIP®

The 3D textured pattern makes it easy for kids to make their next moves.

MIRA-THERM™

Depending on environmental conditions at your location, the installation of fabric shade structures may help to delay fading and discoloration.
