SUBJECT: Discussion Regarding Staff Reports and Presentations

PROJECT PLANNER: Geoffrey Starns, AICP, AIA, LEED AP, Planning Manager

The Planning Division is continually looking to improve our review and public hearing processes. Staff wants the Commission's input on how we can improve our staff reports, resolutions, and presentations so that we improve the information we provide to the Planning Commission and how we provide that information. Staff has some ideas to present, but wants Commission's input to ensure that you get the information you need to make your decisions.
