Description of Project

Hamilton Park Mural

Inspiration (Community Engagement Art)

Sun / Sol

Heart / Corazon

Flower / Flor

Butterfly / Mariposa

Sun / Sol

Guidance and Positivity

The sun in this mural represents the guiding light that leads us through both the bright and challenging moments of life. It symbolizes the warmth and positivity that radiates through our community, offering a reminder that no matter how dark the day may seem, hope is always on the horizon. Just as the sun brings light to the world, we too have the power to uplift and inspire one another with kindness, optimism, and shared strength.

Heart / Corazon

Unity and Togetherness

The heart in this mural embodies the spirit of unity within our community. It represents the bonds we share, the connections we build, and the collective strength that comes from standing together. Just as the heart is central to life, it serves as a reminder that our community thrives when we care for one another, support each other, and celebrate our shared experiences. In this space, we are all united in love, respect, and the pursuit of a brighter future.

Flower / Flor

Growth and Renewal

The flower in this mural symbolizes the ongoing growth and renewal within our community. Just as a flower blooms from a seed, our community flourishes through the care, effort, and dedication of its people. Each petal represents the potential for new beginnings, the strength to overcome challenges, and the beauty that emerges from our shared experiences. This flower reminds us that, with time and nurturing, we can continue to grow together, creating a vibrant and thriving space for all.

Description of Project - Inspiration (Community Engagement Art)

Details

Butterfly / Mariposa

Freedom and Hope

The butterfly in this mural represents the freedom to spread our wings and embrace new possibilities. It is a symbol of hope, reminding us that no matter the struggles we face, there is always the potential for transformation and a brighter future. Just as the butterfly emerges from its cocoon, we too can evolve, rise above challenges, and soar toward new opportunities. This butterfly encourages us to embrace change with courage, knowing that our community's collective spirit will always guide us toward freedom and renewal.

Description of Project - Concept

Pieces of Us

Details

This mural symbolizes the beautiful diversity and unity of the Pomona community, inspired by the timeless artistry of Talavera tiles. Each tile represents an individual story, a unique piece of the whole, coming together to form a vibrant and harmonious mosaic.

The symbols within—**hearts, stars, flowers,** and **butterflies**—reflect the shared values of love, hope, growth, and transformation. Bold and colorful, the design reminds us that every person, like every tile, contributes to the beauty and strength of the community.

"Pieces of Us" is a tribute to the collective spirit of Hamilton Park, reflecting a community built on love, diversity, unity and strength.

Community Engagement Hamilton Park Mural

Artist + Community Volunteers

Volunteer Paint Day

A volunteer paint day empowers residents to take part in the transformation of their community, creating a collective sense of accomplishment. It strengthens bonds between neighbors, encourages collaboration, and provides a platform for residents to express their culture, values, and hopes for the future. The act of working together to beautify a space can uplift the entire area, increase civic pride, and offer a positive space for future generations. It's a chance to make the community's vision come to life while reinforcing the idea that every individual can contribute to positive change.

Hamilton Park Mural - Budget of Project

Professional Work Experience

What is your experience managing budgets of similar scale or working within time constraints?

Throughout my career, I have managed large-scale projects and budgets of similar scale, ensuring resources are allocated effectively to deliver the highest quality of artistic workmanship and social public impact.

I excel at adhering to strict time constraints, having successfully completed numerous public art projects, including those in high-traffic locations, within specified deadlines. My organizational skills, meticulous planning and proactive communication have consistently resulted in successful, on-time and within budget project completions.

My most recent accomplishment is my mural titled *Harmony in The Valley* located at the Moreno Valley Conference and Recreation center. This large-scale mural had a similar budget of **\$99k** and was completed successfully within the timeframe.

Mural Painting

Entrance Blocks (4)

With a deep appreciation for public art and its ability to transform spaces, I have dedicated my career to creating captivating and meaningful art that engage and inspire viewers. Having completed numerous successful projects in diverse cities and settings, I am confident in my ability to bring a fresh and distinctive artistic perspective to the City of Pomona.

I firmly believe that art has the power to connect communities and evoke emotions. Through my public art, I strive to tell stories, capture the essence of a place, and celebrate the unique cultural fabric of a community.
