no

*** How will the Donations/Sponsorship be used? (The donation must primarily serve a public purpose, as opposed to solely benefiting an individual or private organization.)**

Donations will be used to assist families in need of financial support to pay for league fees and equipment for low income families multiple child homes and homeless families. We currently have over 10 families with two or more children in our program and with the rising cost of living expenses some children will be left behind due to family not being able to afford recreational activities that will be a great benefit to the child and the family unit helps with discipline and behaviors.

*** What is the benefit to the City of Pomona? (An expenditure of public funds must be for primary benefit of the public agency that is making the expenditure)**

The benefit will be to the families of the community and their children. The city will be showing great support to the community by providing the necessary financial support to allow scholarship awarding to the families that are less fortunate. We have displaced families in our program with whom parents placed them in the sport to get their mind off of not having a home, they are using this particular situation as an escape from their child's reality of being homeless.

I, Mayor/Councilmember Steve Lusto, District No. 5, hereby request that the above donation/payment be made and that a finding of public benefit be determined by the City Council.
