ATTACHMENT TO APPEAL OF PLANNING COMMISSION ACTION

CONDITIONAL USE PERMIT (CUP 7814-2017) AND REVOCATION OF CONDITIONAL USE PERMIT (CUP 05-035)

REASONS FOR APPEAL

I. Background

The Applicant's request for a Conditional Use Permit ("CUP") to allow for the construction of a new 47,199 sq. ft. industrial warehouse and office uses (the "Project") for property located in the M-1 (Light Industrial) district at 650-690 S. Reservoir Street (the "Property") was considered by the Pomona Planning Commission on June 27, 2018. Five of the seven Planning Commission members were present (one member resigned shortly before the meeting, and another member was unable to attend). Pursuant to Section B-6 of the Planning Commission's adopted Rules of Procedure/By-Laws, four members of the Planning Commission constitutes a quorum and is sufficient to transact regular business.

Following a public hearing and deliberations on the matter, a motion was made by Commission member Hemming, and seconded by another Commission member, to adopt a resolution approving the CUP, subject to conditions, and to adopt a resolution revoking a previously-issued Conditional Use Permit (CUP 05-035) that had not been exercised (the "Motion"). The Planning Commission then voted 3 to 2 to adopt the Motion.

Pursuant to Section G-1 of the Planning Commission's adopted Rules of Procedure/By-Laws, in order to be adopted, a motion requires the "yes" vote of a majority of the "quorum present." In this case, a majority of the quorum present was 3 members. Thus, the Planning Commission's 3 to 2 vote to adopt the Motion was sufficient to adopt the Motion. However, for reasons that are unclear, the Chairperson of the Planning Commission declared that the Motion "did not pass." Applicant was then advised by City staff of his right to appeal the Planning Commission's "non-action" to the Pomona City Council.

II. Reasons for Appeal

A. The CUP Was Approved by the Planning Commission.

The Motion was lawfully adopted and should have been entered as the decision of the Planning Commission on the CUP. Specifically, the Motion received three "yes" votes, which was a majority of the "quorum present." The Motion therefore passed pursuant to Section G-1 of the Planning Commission Rules of Procedure / By Laws (the "Rules of Procedure"). A copy of the Rules of Procedure is attached.

B. The Required Findings Can and Should Be Made.

In accordance with Section .580.B of the Zoning Ordinance, the Planning Commission (or the City Council on appeal) must make findings in order to approve CUP 7814-2017. Based on the

whole record before the City, including but not limited to, the staff report, public testimony received at the public hearing on this matter, and evidence made part of the public record, the required findings for approval of CUP 7814-2017 can and should be made, as follows:

1. *That the proposed use at the particular location will contribute to the general well-being of the neighborhood or community.*

The proposed warehouse and office building will contribute to the general well-being of the neighborhood and community. The proposed use is conditionally permitted at the site. The proposed use is compatible with the existing industrial uses to the north and south, and is sufficiently landscaped and set back from the street to establish an appropriate relationship with the residential neighborhoods across the street to the west. The proposed Project will provide new job opportunities in the City while maintaining moderate intensity so as not to significantly increase traffic in the vicinity. Therefore the proposed Project will contribute to the general well-being of the neighborhood and community.

2. *That such use will, under the circumstances of the particular case, not be detrimental to the health, safety, peace, or general welfare of persons residing or working in the vicinity or detrimental to the use, valuation or enjoyment of property or improvements in the vicinity.*

The proposed warehouse and office building will not be detrimental to the health, safety, peace or general welfare of persons residing or working in the vicinity. The Project will also be required to comply with the City's noise ordinance. Furthermore, condition of approval no. 16 has been recommended to ensure that all landscaping is maintained in good condition.

The Project will not be detrimental to the use, valuation, and enjoyment of property and improvements in the vicinity since the subject project is compatible with other industrial uses in the vicinity.

3. *That the site for the proposed use is of adequate topography, size, and shape to accommodate said use, as well as all yards, spaces, walls, fences, parking, loading, landscaping, and any other features necessary to allow said use in the neighborhood.*

The subject Property (approximately 2.53 acres) is sufficiently sized to accommodate the proposed use and meets the applicable development standards of the M-1 Light Industrial District of the Pomona Zoning Ordinance.

4. *The site abuts streets and highways adequate in width and improvements to carry traffic generations by the proposed use.*

The subject Property takes access from S. Reservoir Street; per the Street Classifications section in the General Plan, a Minor Arterial roadway that is intended for medium speed/medium capacity roads for intracommunity travel. South Reservoir Street is a four-lane roadway that is identified as a truck route in the General Plan.

5. *That granting of such conditional use permit will not adversely affect the General Plan of the City and conforms to the provisions of the zoning ordinance.*

Granting of the CUP will not adversely affect the General Plan of the City in that the proposed uses are both compatible and synergistic with other nearby industrial uses and will be conditioned to maintain compatibility with adjacent residential uses. The Project supports the following goals and policies of the General Plan:

Goal 6F.G3: Incrementally redevelop eastern employment lands with contemporary industrial and light industrial uses. The proposed project meets this General Plan goal by incrementally developing a lot with a proposed warehouse and office use which can be categorized as contemporary industrial and light industrial use.

Goal 6F.G8: Improve the physical character of existing concentrations of industrial and light industrial development to make them more attractive to new investment and more compatible with nearby residential neighborhoods. The proposed Project meets this General Plan goal by improving an underutilized property with a new industrial structure of contemporary design as well as on-site improvements that meet all development standards as required by zoning ordinance. On-site improvements include new paving, fencing, and landscaping. The new structure itself will be significantly setback seventy-one feet (71') from the front property line which will make the property more compatible with the nearby residential neighborhood.

Goal 6F.P1: Reserve the Reservoir-East Pomona Industrial area for industrial uses. The Project meets this General Plan goal by proposing a new industrial development within the Reservoir-East Pomona Industrial area.

Goal 6F.P11: Minimize the visual impact of industrial uses along the edges of industrial properties facing Reservoir Street and other streets that separate industrial development from residential uses. The proposed Project meets this General Plan goal by setting the structure back seventy-one feet (71') from the front property line thereby minimizing the visual impact of the proposed industrial use located along the edge of an industrial property facing Reservoir Street.

Goal 6F.P19: Require appropriate types of landscaping to soften the visual impact of workplace development and act as a buffer to adjacent neighborhoods. The proposed project meets this General Plan goal by including significant landscaping along the frontage of the property which shall include a combination of trees, shrubs and groundcover.

Approval of the Conditional Use Permit (CUP 7814-2017) to allow the construction of a new warehouse and office building is consistent with the above General Plan goals and policies. The Project provides a light industrial use in a contemporary industrial building. The proposed landscaping along the street provides for a clear and continuous edge between the workplace district and the adjacent residential districts. The redevelopment of the lot improves the physical character of the lot, thereby making it more attractive to new investment and more compatible

with nearby residential neighborhoods. The proposed Project minimizes the visual impact of the industrial use through appropriate street trees and parkway landscaping that acts as a buffer to adjacent neighborhoods. The proposed Project also complies with the applicable provisions of the Pomona Zoning Ordinance.

C. The Project is Categorically Exempt from CEQA.

Pursuant to the provisions of the California Environmental Quality Act ("CEQA"), the proposed Project meets the required conditions for an in-fill development project as shown on the "Staff Environmental Analysis/Determination Exhibit" contained in the subject file and is therefore exempt from CEQA under Section 15332 of the CEQA Guidelines, In-Fill Development Projects. Therefore, no further environmental review is required.

Once the motion has been fully debated and the presiding officer calls for a vote, no further debate will be allowed, Planning Commission members, however, may be allowed to explain their vote.

F-3. PROCEDURAL RULES OF ORDER
(Per Robert's Rules of Order, Newly Revised)

Once the main motion is properly placed on the floor, several related motions may be employed in addressing the main motion, and if properly made and seconded, must be disposed of before the main motion can be acted upon. The following motions are appropriate and may be made by the Presiding Officer or any Planning Commission member at any appropriate time during the discussion of the main motion. They are listed in order of precedence.

1. Subsidiary Motions

The first three subsidiary motions are nondebatable; the last four are debatable.

a. Lay on the Table

Any Planning Commission member may move to lay the matter under discussion on the table. This motion temporarily suspends any further discussion of the pending motion without setting a time certain to resume debate. In order to bring the matter back before the Planning Commission, a motion must be adopted that the matter be taken from the table. A motion to take from the table must be made at the same meeting at which it was placed on the table or at the next regular meeting of the Planning Commission. Otherwise the motion that was tabled dies, although it can be raised later as a new motion.

b. Move Previous Question

Any Planning Commission member may move to immediately bring the question being debated by the Planning Commission to a vote, suspending any further debate. The motion must be made and seconded without interrupting one who already has the floor. A two-thirds (2/3) vote of the quorum present is required for passage.

c. Limit or Extend Limits of Debate

Any Planning Commission member may move to put limits on the length of the debate. The motion must be made and seconded and requires a two-thirds (2/3) vote of the quorum present to pass.

d. Postpone to a Time Certain

Any Planning Commission member may move to postpone debate and action on the motion to a date and time certain.

e. Commit or Refer

Any Planning Commission member may move that the matter being discussed should be referred to staff, a committee or a subcommittee for further study. The motion may contain directions for the staff, committee or subcommittee, as well as a date upon which the matter will be returned to the Planning Commission's agenda. If no date is set for returning the item to the Planning Commission agenda, any Planning Commission member may move, at any time, to require the item to be returned to the agenda.

f. Amend

Any Planning Commission member may amend the main motion or any amendment made to the main motion, after the main motion is seconded. Before the main motion may be acted upon, all amendments and amendments to amendments must first be acted upon. An amendment must be related to the main motion or amendment to which it is directed. Any amendment which substitutes a new motion rather than amending the existing motion is out of order and may be so declared by the Presiding Officer.

g. Postpone Indefinitely

Any Planning Commission member may move to postpone indefinitely the motion on the floor, thus avoiding a direct vote on the pending motion and suspending any further action on the matter.

2. Motions of Privilege, Order and Convenience

The following actions by the Planning Commission are to ensure orderly conduct of meetings and are for the convenience of the Presiding Officer and Planning Commission members. These motions take precedence over any pending main or subsidiary motion and may be debated except as noted.

a. Call for Orders of the Day

Any Planning Commission member may demand that the agenda be followed in the order stated herein. No second is required and the Presiding Officer must comply unless the Planning Commission sets aside the agenda order of the day. This motion is not debatable.

b. Question of Privilege

Any Planning Commission member, at any time during the meeting, may make a request of the Chair to accommodate the needs of the Planning Commission or his/her personal needs for such things as reducing noise, adjusting air conditioning, ventilation, lighting, etc. The validity of the question is ruled on by the Presiding Officer.

c. Recess

Any Planning Commission member may move for a recess.

d. Adjourn

Any Planning Commission member may move to adjourn at any time, even if there is business pending. The motion is not debatable.

e. Point of Order

Any Planning Commission member may require the Presiding Officer to enforce the rules of the Planning Commission by raising a point of order. The point of order shall be ruled upon by the Presiding Officer.

f. Appeal

Should any Planning Commission member be dissatisfied with a ruling from the Presiding Officer, he/she may move to appeal the ruling to the full Planning Commission.

g. Suspend the Rules

Any Planning Commission member may move to suspend the rules if necessary to accomplish a matter that would otherwise violate the rules.

h. Division of Question

Any Planning Commission member may move to divide the subject matter of a motion which is made up of several parts in order to vote separately on each part. This motion may also be applied to complex ordinances or resolutions.

i. Reconsider

Except for votes regarding matters which are quasi-judicial in nature or matters which require a noticed public hearing, the Planning Commission may reconsider any vote taken at the same meeting, but no later than the same or next meeting, to correct inadvertent or precipitant errors, or consider new information not available at the time of the vote. The motion to reconsider must be made by a Planning Commission member who voted on the prevailing side, must be seconded and requires a majority vote of the quorum for passage, regardless of the vote reconsidered. If the motion to reconsider is successful, the matter to be reconsidered takes no special preference over other pending matters and any special voting requirements related thereto shall still apply. Except pursuant to a motion to reconsider, once a matter has been determined and voted upon, the same matter cannot be brought up again at the same meeting.

j. Rescind, Repeal or Annul

The Planning Commission may rescind, repeal or annul any prior action taken with reference to any legislative matter so long as the action to rescind, repeal or annul complies with all the rules applicable to the initial adoption, including any special voting or notice requirements or unless otherwise specified by law.

G. VOTING

G-1 VOTING PROCEDURE

All Planning Commission members present at a meeting when a motion question comes up for a vote shall vote for or against the motion or shall abstain. The Secretary shall declare the result and note for the record all "yes" votes and all "no" votes. The Planning Commission may also vote by roll call vote, ballot or voting machine. Regardless of the manner of voting, the results reflecting all "yes" and "no" votes must be clearly set forth for the record. In order to be adopted, a motion requires the "yes" vote of a majority of the quorum present, unless the vote of three (3) Commission members is required by statute, ordinance or resolution. An abstention shall not be counted as a "yes" or a "no" vote but the Planning Commission member abstaining shall be counted for the purpose of determining the quorum.

G-2 ORDER OF VOTING

The Secretary shall take roll call votes in the following order:

1. First, the Commissioner making the motion.
2. Second, the Commissioner seconding the motion.
3. Followed by the balance of the Commissioners in any order.

G-3 CHANGE OF VOTE

A member may change his/her vote only if he/she makes a timely request to do so immediately following the announcement of the vote by the Chair and prior to the time that the next item in the order of business is taken up.

G-4 FAILURE TO VOTE

Every member should vote unless disqualified for cause except by vote of the Commission or by opinion of the City Attorney or designee. Self-disqualification, without approval, which results in a tie vote shall be avoided, but no Commissioner shall be forced to vote. A Commissioner who abstains shall in effect consent that a majority of the quorum may act for him.

G-5 CONFLICT OF INTEREST

Commissions shall not vote if private or personal interests are likely to conflict with the general public interest. The State Fair Political Practices Act shall apply to every Commissioner.

G-6 LOST MOTIONS

A lost motion is one that fails to receive the necessary number of votes to carry. Tie votes result in a lost motion. Lost motions may be renewed at any subsequent Commission meeting. To revive a lost motion at the same meeting, the proper action is a motion to reconsider, as discussed above.

G-7 RECORDATION OF VOTES

Voting results of the Planning Commission shall be recorded in the minutes and shall include by commissioner's name, "aye" votes, "no" votes, abstentions, and absences.

H. MINUTES

H-1 PREPARATION OF MINUTES

The Secretary of the Planning Commission shall have exclusive responsibility for preparation of the minutes, and any directions for changes in the minutes shall be made only by action of the Commission.

H-2 MINUTES OF HEARINGS

Whenever the Commission acts in a quasi-judicial proceeding, such as hearings defined in Section J-1, the minutes shall contain a synopsis of evidence considered in the hearing, including statements of persons addressing the Commission.

I. RESOLUTIONS

I-1 PREPARATION OF RESOLUTIONS

It shall be considered best practice to have all resolutions approved by the [Deputy] City Attorney or designee; Resolutions, however, may be prepared for submission by staff. A resolution may be presented verbally in motion form with instructions for written preparation for later execution.

I-2 PRIOR APPROVAL BY ADMINISTRATIVE STAFF

Before presentation to the Commission, all resolutions shall have been reviewed as to form by the City Attorney or designee and shall have been examined and approved for content by the Community Development Director or designee.

I-3 ADOPTION OF RESOLUTIONS

Resolutions may be adopted by motion on the date they are first presented to the Commission. It is not required that resolutions be read, either in full or by title only. When it is impractical for a resolution to be adopted at the next subsequent meeting, the Commission, by majority vote or as required by law, may authorize the Chair to execute the resolution containing those items approved by the Commission at a scheduled meeting on behalf of the other Commissioners.

J. HEARINGS

J-1 APPLICATION AND DEFINITION

The following procedural rules shall apply to all hearings before the Planning Commission. As used herein, the term "hearing" shall include all public hearings required by State law or City ordinance and proceedings for the revocation, suspension, or reinstatement of permits or licenses under the jurisdiction of the Planning Commission.

J-2 CONDUCT OF PUBLIC HEARINGS

In conducting public hearings, the Presiding Officer shall utilize the following procedure:

1. Request item title & staff report.
2. Ask Commissioners if they have any questions for Staff.
3. Declare the public hearing open.
4. Invite statement of applicant.
5. Ask for statements in favor of the application.
6. Ask for statements against application.
7. Allow rebuttal by applicant only.
8. Close public hearing.
9. Ask additional comments of Staff.
10. Turn the item over to the Planning Commission for discussion.
11. After a motion and second are made, restate the motion.
12. Call for the vote.
13. The Secretary shall announce to the audience the action taken and whether the action is final or whether it is a recommendation to City Council.
In addition, the appeal period shall also be announced.

A public hearing may be reopened and continued to the next meeting if there are changes that must be made that develop after closing the public hearing, but prior to any voting on the matter.

J-3 PRESENTATION OF EVIDENCE

1. Oral Evidence

All oral statements which are relevant to the subject matter of the hearing may be considered by the Commission. Oral evidence may be taken at the request of any interested party or his/her authorized representatives.

2. Exhibits and Documents

Exhibits and documents used by the City staff and any persons participating in the hearing shall be considered as evidence and shall be retained by the Secretary as a part of the official record of the proceedings.

3. Communications and Petitions

All communications and petitions concerning the subject matter of the hearing shall be read aloud either in full or by synopsis thereof, provided that a reading in full shall be had at the request of any Commissioner. All such communications and petitions may be considered as evidence by the Commission and retained as part of permanent record by the Secretary.

4. Maps, Plans, Models and Displays

Maps, Plans, Models and displays presented for use at the hearings shall, whenever practical, be displayed in full view of the participants and the audience. Said maps or displays or authentic reductions thereof may be considered as evidence. All maps & plans, models or displays presented as evidence shall become property of the City and shall be retained as evidence by the Secretary.

5. Admissible Evidence

The hearing need not be conducted according to technical rules relating to evidence and witnesses. Any relevant evidence shall be admitted if it is the sort of evidence responsible persons are accustomed to rely on in the conduct of serious affairs, regardless of the existence of any common law or statutory rule which might make improper admission of such evidence. Hearsay evidence may be used for the purpose of supplementing or explaining other evidence but shall not be sufficient in itself to support a decision unless it would be admissible over objection in civil actions. The rules of privilege shall be effective to the extent that they are otherwise required by statutes to be recognized at the hearing, and irrelevant and unduly repetitious evidence shall be excluded.

J-5 EVIDENCE OUTSIDE THE HEARING

Any evidence taken outside the Council Chambers such as field trips, views of the premises, and discussions with individuals, shall not be considered by the Commission in reaching its decision except:

1. When during a hearing or work session the meeting is adjourned to a date, place and time certain for the specific purpose of taking visual or demonstrative evidence; or
2. If each Commissioner shall orally report his/her observance of such outside evidence taken, and he/she shall be subject to examination thereon by any interested person or his/her authorized representative.

J-6 CONTINUANCES

Any hearing being held or noticed or ordered to be held by the Commission may, by minute action, be continued to any subsequent regular or adjourned meeting of the Commission, provided that if the hearing is continued to a time less than twenty-four (24) hours after the time specified in the order on notice of hearing, a copy of the order of continuance shall be posted outside the Council Chambers following the meeting at which the order of continuance was made.

J-7 DECISION

The Commission shall consider all evidence properly presented in accordance with the rules stated herein, and unless otherwise provided by law shall render a decision or determination of the matter at the close of the hearing or as required by law. Said decision or determination shall be by motion made and action taken thereon at regular or adjourned meetings of the Commission. Any Commissioner who was not present during the entire hearing shall disqualify himself/herself from discussion or voting on said matter unless he/she has reviewed the evidence presented and declares so on the record.

J-8 RECORD OF HEARING

A verbatim mechanical recording shall be made of the oral evidence presented at the hearing. Said recording together with all documents, maps, exhibits and displays admitted into evidence, shall be retained by the Secretary for a period of five (5) years from the date of the close of the hearing. In lieu of retaining said recording, the Secretary of the Planning Division may prepare a typewritten transcript thereof which shall be certified by the Commission and shall be retained for the same period of time. Said recording or transcript and evidentiary documents shall be made available for public inspection and use with a reasonable time and under such reasonable conditions as may be prescribed by the City Council or the City Administrator.

K. AMENDMENTS

These By-Laws may be amended by a two-thirds (2/3) majority vote of the Planning Commission, provided the proposed amendment has been presented at one prior regular meeting before the action is taken. Failure of the Commission to follow the By-Laws established herein shall not invalidate or otherwise affect on any action of the Commission.
