

**PC RESOLUTION NO. 18-**

**A RESOLUTION OF THE PLANNING COMMISSION OF THE CITY OF POMONA, CALIFORNIA APPROVING CONDITIONAL USE PERMIT (CUP 7985-2017) TO CONSTRUCT THREE DETACHED, TWO-STORY SINGLE-FAMILY STRUCTURES, TOTALING SIX UNITS, AS WELL AS ASSOCIATED ON SITE IMPROVEMENTS FOR A PROPERTY LOCATED AT 1439 S. PALOMARES STREET WITHIN THE R-2 (LOW DENSITY MULTIPLE FAMILY) DISTRICT.**

**WHEREAS**, the applicant, Chang-Qing Pan, has submitted an application for Conditional Use Permit (CUP 7985-2017) to construct three detached, two-story single-family structures, totaling six (6) units, as well as associated on site improvements for a property located at 1439 S. Palomares St., Assessor's Parcel Number 8333-022-018;

**WHEREAS**, the applicant has concurrently submitted an application for Tentative Tract Map No. 78216 (TRACTMAP 8522-2017) to subdivide for condominium purposes a property located at 1439 S. Palomares St., Assessor's Parcel Number 8333-022-018;

**WHEREAS**, the subject property is located within the R-2, Low Density Multiple Family district and the S, Supplemental use overlay district;

**WHEREAS**, the subject property has a General Plan, Place Type designation of Residential Neighborhood as well as a Transect Zone designation of T3 Typical;

**WHEREAS**, the Planning Commission of the City of Pomona has, after giving notice thereof as required by law, held a public hearing on August 8, 2018, concerning the requested Conditional Use Permit (CUP 7985-2017); and

**WHEREAS**, the Planning Commission has carefully considered all pertinent testimony and the staff report offered in the case as presented at the public hearing.

**NOW, THEREFORE, BE IT HEREBY RESOLVED** by the Planning Commission of the City of Pomona, California:

**SECTION 1.** Pursuant to the State Guidelines to Implement the California Environmental Quality Act (CEQA), this action as defined is Categorically Exempt, under Section 15303, Class 3 exemption for construction of small facilities, is exempt from further environmental review.

**SECTION 2.** If any part, provision, or section of this resolution is determined by a court or other legal authority with jurisdiction over the subject matter of this resolution to be unenforceable or invalid, the remainder of the entirety of this resolution shall not be affected and shall continue in full force and effect. To this end, the provisions of this resolution are severable.

**SECTION 3.** In accordance with Section .580.B of the Zoning Ordinance, the Planning

Commission must make five findings in order to approve Conditional Use Permit (CUP 7985-2017). Based on consideration of the whole record before it, including but not limited to, the staff report, public testimony received at the public hearing on this matter, and evidence made part of the public record, the Planning Commission hereby finds as follows:

1. *That the proposed use at the particular location will contribute to the general well-being of the neighborhood or community.*

The proposed use of the subject site for residential development, specifically, the development of six new residential units at this particular location will contribute to the general well-being of the neighborhood and the community by expanding housing opportunities for residents by enhancing the appearance of the general area.

2. *That such use will not, under the circumstances of the particular case be detrimental to the health, safety, peace, or general welfare of persons residing or working in the vicinity or detrimental to the use, valuation or enjoyment of property or improvements in the vicinity.*

The project will not be detrimental to the health, safety, peace, or general welfare of persons residing or working in the vicinity since the project is in full conformance with the development standards and use requirements of the R-2 district. The project will not be detrimental to the use, valuation, and enjoyment of property and improvements in the vicinity since the subject site is consistent with the surrounding properties which are zoned and planned for residential uses by the General Plan. The project, as designed, will enhance the neighborhood.

3. *That the site of the proposed use is of adequate topography, size and shaped to accommodate said use as well as all yards spaces, walls, fences, parking, loading, landscaping and any other features necessary to allow said use with the land and uses in the neighborhood and make it compatible thereto.*

The subject site is rectangular in shape and relatively flat with an area of approximately 19,285 square feet. Therefore, the site has the adequate topography, size and shape to accommodate the proposed residential development project.

4. *That the site abuts streets and highways are adequate in width and improvements to carry traffic generations typical of the proposed use.*

The subject site has street access directly to Palomares Street (a collector street), which is of adequate width and improvements to carry traffic generations typical of residential development projects.

5. *That granting of such conditional use permit will not adversely affect the General Plan of the city and conforms to the provisions of the zoning ordinance.*

The granting of the conditional use permit will not adversely affect the General Plan and conforms to the provisions of the Pomona Zoning Ordinance. The proposed residential use is consistent with the “Residential Neighborhood” place type as designated on the General Plan Land Use Map.

Goal 6G.G8: “Ensure safe, family-oriented, human-scaled, walkable and livable residential neighborhoods.”

The project will include of an automatic metal rolling gate at the drive entry, a four foot tall fence along the project frontage, three foot wide speed bumps along the driveway, private open space and common open space consisting of landscaping and decorative hardscape, pedestrian access to the adjacent sidewalk along Palomares Street, as well as a barn style influenced two-story structure incorporating human-scale elements (through the use of varying materials, articulation and massing). The project will develop a site that is currently underutilized into an aesthetically pleasing development that contributes to the City’s housing stock which the General Plan identifies as being under supplied. Therefore, the project furthers the goals and objectives of the General Plan by allowing a development that would ensure safe, family-oriented, human-scaled, walkable and livable residential neighborhoods.

**SECTION 4.** Based upon the above findings, the Planning Commission hereby recommends the City Council approve Conditional Use Permit (CUP 7985-2017) subject to compliance with all applicable laws and ordinances of the City as well as the addition of the following conditions, violations of which (or failure to complete any of which) shall constitute grounds for revocation of the conditional use permit or any portion thereof:

**Planning Division**

1. The subject property shall be developed and/or used in a manner consistent with the project plans reviewed and approved by the Planning Commission on August 8, 2018, and as illustrated in the stamped approved plans dated August 8, 2018. Any major modifications to the approved project plans shall be reviewed and approved by the Planning Commission as part of a modification to the approved plans. Any minor modifications that do not affect the overall intent of the approved project, may be reviewed and approved by the Development Services Manager.
2. This approval shall lapse and become void if the privilege authorized is not utilized within

one year from the date of this approval (August 8, 2019), in accordance with Pomona Zoning Ordinance section .580.I. The Planning Commission may extend this period for one year upon receipt of an application for a Time Extension request submitted by the applicant at least thirty days before the expiration date of this approval. The project is subject to a twenty day appeal period. Written appeals may be filed with the City Clerk within twenty days by one or more City Council members, the applicant, or any person owning property within four hundred feet of the exterior boundary of the applicant's property. The appeal shall be filed with the City Clerk within twenty days from the date of action by the Planning Commission.

3. The applicant shall indemnify, protect, defend, and hold harmless, the City, and/or any of its officials, officers, employees, agents, departments, agencies, and instrumentalities thereof, from any and all claims, demands, law suits, writs of mandamus, and other actions and proceedings (whether legal, equitable, declaratory, administrative or adjudicatory in nature), and alternative dispute resolutions procedures (including, but not limited to arbitrations, mediations, and other such procedures), (collectively "Actions"), brought against the City, and/or any of its officials, officers, employees, agents, departments, agencies, and instrumentalities thereof, that challenge, attack, or seek to modify, set aside, void, or annul, the any action of, or any permit or approval issued by, the City and/or any of its officials, officers, employees, agents, departments, agencies, and instrumentalities thereof (including actions approved by the voters of the City), for or concerning the project, whether such Actions are brought under the California Environmental Quality Act, the Planning and Zoning Law, the Subdivisions Map Act, Code of Civil Procedure Section 1085 or 1094.5, or any other state, federal, or local statute, law, ordinance, rule, regulation, or any decision of a court of competent jurisdiction. It is expressly agreed that the City shall have the right to approve, which approval will not be unreasonably withheld, the legal counsel providing the City's defense, and that applicant shall reimburse City for any costs and expenses directly and necessarily incurred by the City in the course of the defense. City shall promptly notify the applicant of any Action brought and City shall cooperate with applicant in the defense of the Action.
4. In case of a violation of any of the conditions of approval and/or City law, the property owner and tenant will be issued a Notice of Correction. If said violation is not remedied within a reasonable period of time and/or a subsequent violations of the conditions of approval and/or City law occurs within ninety (90) days of any Notice of Correction, the property owner shall be held responsible to reimburse the City for all staff time directly attributable to enforcement of the conditions of approval and/or City law, including, but not limited to, revocation of the herein Conditional Use Permit.
5. Any future substantial changes in the approved plans, except as allowed for by the following conditions, shall require a modification to the Conditional Use Permit.

6. The applicant shall make a reduction of all approved resolutions related to the project, which shall be placed on the title sheet of construction plans prior to Plan Check submittal.
7. The property shall be maintained free of weeds and debris prior, during and after the construction period.
8. Landscaping is to include a variation of trees, shrubs, vines and ground covers, shall be installed and permanently maintained in all common areas of the project site. All landscape areas shall be provided with an automated underground irrigation system. Prior to receiving building permit final, the applicant shall obtain the approval from the Planning Division of a precise landscape and irrigation plan prepared by a licensed Landscape Architect, which meets the most current State of California Drought Executive Order Model Water Efficiency Landscape Ordinance (MWELO) and any modification as adopted by the City of Pomona.
9. The property owner shall remove any graffiti on the project site within 24 hours of discovery. The paint utilized to cover the graffiti must substantially match the existing structure. In the event that the paint finish of the abated area is noticeably distinguishable from the rest of the structure, the property owner shall paint additional portions of the building to minimize the disparity, subject to the approval of the Development Services Manager. Original surface materials installed and designed to not accept paint material such as stone, metal, brick, faux stone, veneers, etc. shall be restored to original finish with methods accepted and agreed to by the Development Services Manager.
10. All plumbing fixtures shall utilize low flow or low water usage appliances (toilets, sinks, water hose, etc.).
11. Any proposed fencing on the subject site shall be in compliance with Section .503-I of the Pomona Zoning Ordinance and subject to review and approval of a Fence and Wall Permit by the Planning Division prior to receiving a final sign-off on building permits.
12. Window and wall trim shall be provided with durable treatment material subject to the review and approval of the Development Services Manager. No foam trim shall be installed on the first floor portions of any structures.
13. The project driveway shall not be used for the repair of vehicles.
14. The provided "Common Open Space" shall be available to all residents of the project and their guests.

15. The applicant shall conform to Section .5809-24 of the Pomona Zoning Ordinance pertaining to public art requirements for private development by complying with one of the following two options:
  - a. Placement of an approved Public Art on the Project site.
    - (1) The Applicant may decide to place an approved Public Art on a private development site. The Public Art, and all eligible expenditures associated with installation of the Public Art (as described in the Manual), shall be in an amount equal to or in excess of the Public Art Allocation.
    - (2) A Final Design Plan of the Public Art to be installed on Project site shall be approved by the Commission before issuance of a building or grading permit for the Project.
    - (3) The Public Art shall be installed on the Project site before issuance of a Certificate of Occupancy, including any temporary Certificate of Occupancy, for the Project. In cases where the Public Art cannot be installed on the Project site before issuance of a Certificate of Occupancy, the Applicant may post a cash bond to assure installation of the Public Art. The cash bond shall be in an amount equal to the Public Art Allocation or an amount based on any remaining, unexpended artwork budget as determined by the Community Development Director. The bond shall not be released until the Public Art has been completed and installed on the Project site in accordance with the approved Final Design Plan.
  - b. Payment of an In-lieu Contribution.
    - (1) Rather than place an approved Public Art on the Project site, the Applicant may choose to pay an In-lieu Contribution. The In-lieu Contribution shall be submitted to the City and deposited into the Public Art Fund before issuance of any building or grading permit for the Project.
    - (2) Use of In-lieu Contributions shall comply with the following:
      - (i) In-lieu Contributions shall be used for the acquisition and installation of Public Art on public or private property in the City, except that up to 1/3 of the In-lieu Contribution may be used for maintenance of the proposed Public Art or an existing Public Art that is listed on the City's registry of Public Art.

(ii) In-lieu Contributions may be aggregated with other funds contained in the Public Art Fund for the purpose of providing a single qualifying Public Art project.

16. Prior to the issuance of building permits, cut-sheets for interior courtyard amenities shall be incorporated into the building plan check submittal, subject to Development Services Manager review and approval. Future modifications to the originally approved interior courtyard amenities and areas shall be subject to review and approval from the Development Services Manager.
17. Blockwall/fencing plans (including a site plan, section drawings, and elevations depicting the height and material of all retaining walls, walls, and fences) consistent with the grading plan shall be submitted to and approved by the Planning Division. Double walls shall be avoided to the greatest extent feasible. The applicant shall coordinate with adjacent property owners and make reasonable attempts to construct one common property line wall. If coordination between property owners cannot be accomplished, the applicant shall construct up to a six (6) foot high decorative wall located entirely within the subject property. Additionally, the applicant must provide proof of attempted coordination in the form of certified mail receipt, correspondence from the adjacent property owner denying such coordination, or similar to the Planning Division. Prior to construction of any new walls, a plan must be submitted identifying the removal of any existing walls located on the subject property. Any removal of walls on private residential property and construction of new common walls shall include approval by the property owners of adjacent property. The plans shall identify materials, seep holes and drainage.
18. The majority of the hardscape within the interior community courtyard, shall be provided with decorative elements to include, but not limited to, patterned stained/colored concrete, stamped concrete, stone, concrete overlays or other similar treatment.
19. Prior to the issuance of building permits, Development Services Manager approval, during the Plan Check process, shall be obtained for the design and materials of the hardscape decorative paving to be installed within the interior community courtyard.
20. Garage areas shall not be used for storage to the exclusion of parking of vehicles.
21. Red paint and "No Parking" indications shall be applied to curb areas along the project driveway. No vehicles shall be parked at any time within "no parking" areas and red curb areas.
22. The property owner shall provide regular maintenance and cleaning of all exterior walkways, patios, canopies, sidewalks, and landscaped parkways in compliance with Pomona City Code

62-351 also known as the City of Pomona Water Conservation and Water Supply Shortage Program.

23. There shall be no activity conducted on the subject site that exceeds the noise and vibration parameters of Pomona City Code Section 18-301, et seq., and City Council Ordinance No. 3939 at any time, or such other ordinance enacted related to noise and vibration.
24. Prior to issuance of building permits, the applicant shall submit, concurrently with the Plan Check process, and obtain the approval from the Planning Division of a lighting plan (photometric) demonstrating a minimum one foot-candle of illumination of parking, driveway, walkways, and common areas. The lighting plan shall include a site plan showing the locations of ground-mounted and building-mounted light fixtures, design and photometric information on fixtures, and shielding to orient light away from adjacent properties and buildings.

#### **Building & Safety Division**

25. The undergrounding of utility facilities is required in accordance with PMC 62-31.
26. The design must be reviewed and stamped by an architect or engineer licensed in the State of California – (Business and Professions code Sections 5537, 5538 and 6737.1)
27. A building permit shall be obtained for the proposed construction and site development. The design of the building shall comply with the 2016 California Building Codes.
28. All grading shall conform to the 2016 California Building Code, and all other relevant laws, ordinances and resolutions governing grading as adopted by the City of Pomona. The applicant shall obtain a grading permit from the Building & Safety Division prior to commencing any grading or site excavation.
29. Geotechnical and/or soils reports required in order to obtain a grading permit shall be submitted to the Building Official for review and approval prior to issuance of a grading permit. All grading shall be in conformance with the recommendations of the geotechnical/soils reports as approved by the City of Pomona.
30. All proposed work shall comply with the 2016 California Energy Code and all other relevant laws, ordinances and resolutions governing Energy conservation as adopted by the City of Pomona.
31. Proposed project shall comply with the 2016 California Green Building Standards Code and all other relevant laws, ordinances and resolutions governing sustainable design as adopted by the City of Pomona.

32. Proposed project shall be sprinklered and comply with all other relevant laws, ordinances and resolutions governing residential sprinklers as adopted by the City of Pomona.
33. Park and Recreation Improvement Fee shall be \$675 per dwelling unit for new construction. (Ordinance 3506)
34. Building Department comments and conditions are subject to plan check. Comments are based on information provided.
35. A fence and wall plan shall be required.

### **Public Works Department**

#### **Improvement Plans Requirements**

36. Applicant/Developer shall prepare and submit grading, drainage and erosion control plans for review and approval by the Public Works, Planning, and Building and Safety Departments.
  - a. The scale used for the plans needs to be large enough (1" = 10') to clearly show all the details; the plans shall be submitted on 24" x 36" sheet size with a standard City title block and City grading notes.
  - b. One-foot topographic contours of the site must extend a minimum of 15 feet beyond the boundary lines.
  - c. The plans shall include sufficient cross sections to show all block wall locations, parkway width and all permanent facilities that might require maintenance and access easements.
  - d. Drainage configurations on the existing adjacent properties shall not be altered, redirected or modified in any way.
37. Prior to issuance of the grading permit the Applicant/Developer shall submit written notifications of adjacent property owners regarding the direct and indirect impact associated with the proposed construction. The notification shall include a statement confirming that the existing public services (sewer, water, storm drain) to adjacent property owners will not be affected by the proposed development. The proposed development shall accept the conveyance of the existing offsite drainage.
38. Prior to the issuance of the grading permit the applicant/developer shall provide non-interference letters from all applicable utility agencies for all utility easements located within

the areas subject to grading activities. All such documents shall be subject to review and approval by the City Engineer.

39. Prior to issuance of the grading permit the Applicant/Developer shall submit a soils and geologic report to address the soil's stability and geological conditions of the site.
40. Prior to the approval of the tract map or the issuance of the public improvements permit, whichever occurs first, Applicant/Developer shall prepare and submit, for review and approval, separate public street improvement plans to include the following, and is responsible for construction thereof:
  - a. New Palomares Street driveway approach in conformity with the City standards and ADA requirements.
    - (1) The separation between the top of the proposed driveway approach northerly wing and the northerly property line shall be a minimum of 2 feet.
    - (2) Unobstructed visibility shall be ensured at the project's driveway.
  - b. New sidewalk, curb and gutter along the entire Palomares Street property frontage to replace all cracked, uplifted, damaged sections.
  - c. Due to the project-related wet utility pavement cuts needed along Palomares Street frontage, extending beyond the street centerline, grind and overlay paving of the entire street width shall occur in accordance with the City standard A-26-02, at the minimum along the lot frontage and including the Palomares Street and Fernleaf Avenue intersection; additional paving might be necessary depending on the required dry utility trenching work.
  - d. Existing sewer, water and storm drain infrastructure, including laterals.
  - e. Parkway drains per City standards.
  - f. Undergrounding of all existing (along Palomares Street) and proposed utility lines per City of Pomona Municipal Code Section 62-31(b) and a note to this effect shall be added to the public street improvement plans.
  - g. The parkway landscaped area shall be maintained by the property owner, as required by the City's Municipal Code Section 46-496 and a note to this effect shall be added to the public street improvement plans.

- h. It is the owner's and the contractor's responsibility to repair all damage to the existing public improvements due to the proposed construction activities and to address all repairs requested by the Public Works Inspector based on the inspector's review of the current condition of the said public improvements.
  - i. The demolition or relocation of all public improvements (street lights, signs, trees, vaults, catch basins, hydrants, etc.) due to the proposed project construction must be coordinated and agreed upon by the appropriate City departments, shall be designed per City standards and applicable ADA requirements, and must be reviewed and approved by the Engineering Division of the Public Works Department.
- 41. Applicant/Developer shall identify the existence of all City utilities that may conflict with the development and submit protection measures to the City Engineer for those City utilities. No permanent structures are allowed to encroach in any/all existing and/or proposed public utility easements.
- 42. If future placement of permanent structures conflicts with location of existing public utilities (water, sewer and storm drain), then improvement plans proposing the relocation or abandonment of identified utilities must be submitted, reviewed and accepted by the Public Works Department. No public utility infrastructure shall be removed or modified as part of the onsite demolition plan approved by the Building and Safety Department.
- 43. Applicant/Developer shall implement stormwater Good Housekeeping Best Management Practices (BMPs) for the site to ensure that pollutants are not discharged to the municipal storm drain system during construction and throughout occupancy.
- 44. Property Owner is responsible for the compliance with any special annual levy assessment derived from the current inclusion of the project site into the City's Street Lighting and Landscaping Maintenance District. The Developer shall disclose to any future buyers that the property is within the City of Pomona Lighting and Landscaping District and is subject to annual special taxes.
- 45. Prior to issuance of the building permits Applicant/Developer is responsible for paying the project's impact fees for traffic signals and control devices, road and highway improvements, public safety improvements and parks.
- 46. Prior to the issuance of the building permits Applicant/Developer is responsible for the payment of all City water and sewer connection fees and shall make proof of payment of the Los Angeles County Sanitation District fees associated with the proposed development.

47. Prior to issuance of the building permits Applicant/Developer is responsible for paying the development tax associated with the proposed project.
48. The final improvement plans, as shown on the Mylar, shall be provided to the City in both hard copy and electronic in AutoCAD v. 2010. Following construction and prior to acceptance of the improvements by the City, the project engineer shall provide hand drafted "AS BUILT" corrections on the original approved Mylars of the final constructed improvements to the satisfaction of the City Engineer. A corrected "AS BUILT" plan shall also be provided to the City on disk in AutoCAD v. 2010 and .pdf formats.
49. The plans shall be submitted on 24" x 36" sheet size with a standard City title block, and must correctly identify the property owner, address, legal description, property lines, street centerline, curb-lines, existing and proposed utilities (water, sewer, and storm drain), utility easements, and the public right-of-way areas with dimensions.

#### **Public Works Improvements Permit**

50. Prior to grading permit issuance, Applicant/Developer shall post surety bonds for all public improvements, including but not limited to: sewer, water, storm drains, curb, gutter, sidewalk, driveway approach, street paving and striping.
51. Permittee shall procure and maintain throughout the period of the Permit the following policies of insurance:
  - a. Commercial General Liability;
  - b. Automobile Liability;
  - c. Worker's Compensation as required by the State of California;

Note: The Commercial General Liability and the Automobile Liability policies shall include the City of Pomona as additional insured.

52. Permittee shall pay fees associated with and possess the City of Pomona Business License.
53. Changes and additions to the proposed work, including but not limited to detail plans for street improvement work, water plans and/or other work associated with this project and due to developer's or City's request shall require additional conditions to be completed by the applicant.

### **Water & Wastewater Operations Department**

#### **Water & Sewer**

54. There currently exists a ten-inch (10") ACP water main within Palomares Street. The existing localized static pressure of the project area is 55-65 psi.
55. There is currently an existing 5/8" meter serving 1439 S. Palomares Street. Please define how this site will be served water, and if the existing meter will be used. A low-lead (0.25%) reduced pressure principle assembly (RPPA) is required for meter backflow protection for the site. State if individual meters will be installed or if a master meter will be installed.
56. There is currently an existing eight-inch (8") VCP main within Palomares Street. The existing sewer infrastructure shall be shown on the site plan. State if the existing four-inch (4") VCP sewer lateral is to remain in service.

### **Los Angeles County Fire Department**

#### **Access Requirements**

57. Fire Department apparatus access shall be extended to within 150 feet of all portions of the exterior walls of any future buildings or structures.
58. All future buildings shall provide approved address numbers. Compliance required prior to occupancy to the satisfaction of the City of Pomona, Public Works and the County of Los Angeles Fire Code.
59. Fire Department vehicular access roads must be installed and maintained in a serviceable manner prior to and during the time of construction. Fire Code 501.4.
60. Fire Apparatus Access Roads must be installed and maintained in a serviceable manner prior to and during the time of construction. Fire Code 501.4
61. Provide a minimum unobstructed width of 20 feet, exclusive of shoulders and an unobstructed vertical clearance "clear to sky" Fire Apparatus Access Roads to within 150 feet of all portions of the exterior walls of the first story of the building, as measured by an approved route around the exterior of the building. Fire Code 503.1.1 & 503.2.1
62. A minimum 5 foot wide approved firefighter access walkway leading from the fire department access road to all required openings in the building's exterior walls shall be provided for firefighting and rescue purposes. Fire Code 504.1

63. Multiple residential buildings having entrances to individual units not visible from the street or road shall have unit numbers displayed in groups for all units within each structure. Such numbers may be grouped on the wall of the structure or mounted on a post independent of the structure and shall be positioned to be plainly visible from the street or road as required by Fire Code 505.3 and in accordance with Fire Code 505.1.

#### **Water System Requirements**

64. All hydrants shall measure 6"x 4"x 2-1/2" brass or bronze, conforming to current AWWA standard C503 or approved equal.
65. The required fire flow for the public fire hydrants on this residential development is 1250 gallons per minute at 20 psi for a duration of 2 hours, over and above maximum daily domestic demand.
66. Vehicular access must be provided and maintained serviceable throughout construction to all required fire hydrants. All required fire hydrants shall be installed, tested, and accepted prior to construction.
67. An approved automatic fire sprinkler system is required for the proposed buildings within this development. Submit design plans to the Fire Department Sprinkler Plan Check Unit for review and approval prior to installation.
68. This project will require an additional review by the Fire Prevention Engineering Unit during the Building Plan Check phase.

**SECTION 5.** The Secretary shall certify to the adoption of this Resolution and forward the original to the City Clerk.

**APPROVED AND ADOPTED THIS 8TH DAY OF AUGUST, 2018.**
