

BEFORE THE
DEPARTMENT OF ALCOHOLIC BEVERAGE CONTROL
OF THE STATE OF CALIFORNIA

Affidavit of Doreen Herring, taken at Pomona, California, on February 11, 2018.

I, Doreen Herring, being first duly sworn, depose and say:

I am currently a Custodian of Records for the Pomona Police Department and have held this position for approximately seven (7) years and five (5) months. I am currently the Police Records Manager, a position which includes the responsibility for gathering statistical information related to crimes and arrests occurring in the City of Pomona. I have held this position for three (3) years and four (4) months. Prior to that assignment I was a Police Records Supervisor, which I held that position for eighteen (18) years. Prior to that assignment, I held the position of Senior Police Clerk, which also included assisting the Records Manager in gathering statistical information related to crimes and arrests occurring in the City of Pomona. I held that position for eight (8) years. Prior to that assignment, I served this department in various clerical and statistical capacities for three (3) years.

The City of Pomona is divided geographically into smaller areas called "Reporting Districts" for the purpose of compiling and reporting crime statistics and evaluating workload distribution. During the calendar year of 2017, there were one hundred (100) reporting districts located within the jurisdiction of the City of Pomona. The attached report represents the number of reported Part I offenses and Part II arrests, for each reporting district within the Pomona Police Department's jurisdiction, for the calendar year 2017. These statistics are gathered on a daily basis and prepared in the regular course of business. Part I offenses included in this compilation are:

Homicide
Aggravated Assault
Auto Theft

Forcible Rape
Burglary

Robbery
Larceny

The Part II arrests included in this report also occurred during the calendar year 2017 within the jurisdiction of the City of Pomona. Part II offenses for which these arrests were affected include all arrests for felonies and misdemeanors not identified as Part I, but do not include traffic citations.

I hereby declare under penalty of perjury that the foregoing is true and accurate to the best of my belief and knowledge.

Doreen Herring
Custodian of Records
