

## **HPC RESOLUTION NO. 2018-**

**A RESOLUTION OF THE HISTORIC PRESERVATION COMMISSION OF THE CITY OF POMONA, CALIFORNIA APPROVING MAJOR CERTIFICATE OF APPROPRIATENESS (MAJCOA 6888-2017) TO ALLOW FOR THE DEMOLITION OF ONE PRE-1945 RESIDENCE LOCATED AT 152 WEST ARTESIA STREET. (APN: 8359-015-003)**

**THE HISTORIC PRESERVATION COMMISSION OF THE CITY OF POMONA DOES RESOLVE AS FOLLOWS:**

**WHEREAS**, Pacific Springs LLC, has submitted an application for Certificate of Appropriateness (MAJCOA 6888-2017) to allow for the demolition of one detached single-story, single-family residence located at 152 W. Artesia Street (APN: 8359-015-003);

**WHEREAS**, available records indicate that the single-family residential structure was constructed in or around 1935;

**WHEREAS**, the City of Pomona's Historic Resources Inventory, prepared in 1993 by Diane Marsh, does not include the subject site;

**WHEREAS**, in accordance with Section .5809-13.F.8b, all property owners directly adjacent to the site were notified of the application on September 3, 2018, no less than thirty days before consideration by the Historic Preservation Commission;

**WHEREAS**, the Historic Preservation Commission must make findings as described in Section .5809-13.F.8 of the Pomona Zoning Ordinance (PZO) to approve Major Certificate of Appropriateness (MAJCOA 6888-2017) for the demolition of any structure constructed before 1945;

**WHEREAS**, the Historic Preservation Commission of the City of Pomona, has, after giving notice thereof as required by law, held a public hearing on October 3, 2018 concerning the requested Major Certificate of Appropriateness (MAJCOA 6888-2017); and

**WHEREAS**, the Historic Preservation Commission has carefully considered all pertinent testimony and the staff report offered in the case presented at the public hearing.

**NOW THEREFORE, BE IT HEREBY RESOLVED** by the Historic Preservation Commission of the City of Pomona, California, as follows:

**SECTION 1.** Pursuant to the Guidelines for Implementation of the Environmental Quality Act (CEQA), the proposed project meets the criteria for a Class 1, Section 15301 Categorical Exemption in that the project involves the demolition and removal of a maximum of three single-family residences.

**SECTION 2.** Section .5809-13.F.6 of the PZO requires the Historic Preservation Commission to determine whether all onsite structures meet any of the criteria for designation as a local historic landmark before approving a Major Certificate of Appropriateness for demolition of pre-1945 structures. The Historic Preservation Commission hereby finds as follows:

- a. *The proposed change will not adversely affect any significant historical, cultural, architectural, or aesthetic features of the concerned property or the historic district in which it is located.*

The City of Pomona Historic Resources Survey lists the subject structure as not contributing to the historic streetscape because it does not possess architectural character which may have been lost by neglect. The subject single-family residence was originally constructed in 1935 and described as a Streamline Moderne architectural style.

- b. *The structure is not identified with person or events significant in local, state, or national history.*

No evidence has surfaced that the structure can be identified with persons or events significant in local, state or national history. The families that occupied the property do not appear to have been either a significant contributor to the local economy, or famous in any other matter.

- c. *The structure does not embody distinctive characteristics of a style, type, period or method of construction, nor is it a valuable example of the use of indigenous materials or craftsmanship.*

The structure is of a Streamline Moderne architectural style but is not currently in a condition that would distinguish it from other buildings of the same style and period. There are no indications of a distinctive method of construction used on the structure, or of any indigenous materials or craftsmanship used in the construction.

- d. *The structure does not contribute to the significance of an historic area, being a geographically definable area possessing a concentration of historic or scenic properties or thematically related grouping of properties that contribute to each other and are unified aesthetically by plan or physical development.*

The onsite structure does not contribute to an historic streetscape. The architectural character of the neighborhood has changed over the past few decades. The neighborhood has evolved with projects that have altered the overall historical context of the structures and historical streetscape. Therefore, the area surrounding the property does not possess a unifying character and does not have a concentration of related historic or scenic properties.

- e. *The structure is not the work of a notable builder, designer, landscape designer, or architect.*

The subject residence was built in 1935 in the Streamline Moderne style. No evidence has surfaced to indicate who the original builder or architect was.

- f. *The structure does not have a unique location or singular physical characteristics nor is it a view or vista representing an established and familiar visual feature of a neighborhood, community, or the City of Pomona.*

The structure is located on W. Artesia Street in a currently urbanized area of the City. The area is developed with a mixture of single-family residential uses and commercial uses adjacent to the property on the west side of Garey Avenue. Because of the urban development throughout the last several decades, the setting, feel, and character of the neighborhood has irreversibly changed. Therefore, the property does not have a unique established and familiar location or view.

- g. *The structure is not similar to other distinctive properties, sites, areas, or objects based on a historic, cultural, or architectural motif.*

The subject structure has not been found to be similar to distinctive properties, sites, or areas in the City, based on an historic, cultural, or architectural motif. The structure is a simple one-story, single-family residence constructed in or around 1935, possessing no characteristics similar to other distinctive properties.

- h. *It does not reflect significant geographical patterns, including those associated with different eras of settlement and growth, particular transportation modes, or distinctive example of park or community planning.*

The subject structure does not reflect significant geographic patterns of settlement and growth. It is located in a neighborhood comprised of a mixture of single-family residential and commercial buildings that are of different eras. The site does not involve any structures associated with transportation, park or community planning.

**SECTION 3.** The Historic Preservation Commission hereby approves the Major Certificate of Appropriateness (MAJCOA 6888-2017) to allow for the demolition of one single-story, single-family residence with the following conditions:

1. Before issuance of a building permit for demolition of the existing structure, the applicant is encouraged to take those steps, necessary to either (a) allow interested person or organizations a 30 day period for reasonable salvage opportunity or, (b) instruct the applicant's demolition contractor to salvage, rather than destroy, those historic elements found within the house.
2. Before issuance of a building permit for demolition of the existing structure, the applicant shall be required to submit documentation for and have approved all permits related to the landscaping and reuse of the subject site. Permits required shall include,

but are not limited to: Fence and Wall Permit, Landscape Plan Check, and a Grading Permit.

3. The installation of all landscape, hardscape, and fencing associated with the reuse of the subject site shall be completed within one year of the date of this approval (October 3, 2019) and in compliance with all City Codes.
4. The applicant shall document the structure photographically and present a copy of the record to the Special Collections Division of the Pomona Public Library and to the Pomona Historical Society.

**SECTION 4.** The Secretary shall certify to the adoption of this Resolution and forward the original to the City Clerk.

**APPROVED AND PASSED THIS 3RD DAY OF OCTOBER, 2018.**
