# ANNUAL REPORT

July 1, 2019 to June 30, 2020

This annual report is being submitted to the City Council of the City of Pomona to report on the proposed improvements, activities, expenses, budgets and assessments for the Downtown Pomona Business and Property Improvement District ("PBID") for the fiscal year July 1, 2019 to June 30, 2020. This annual report presents the budget and assessments for Fiscal Year 2019/2020 beginning July 1, 2019 and terminating June 30, 2020 which was approved by the Board of Directors on June 27, 2019.

## EXECUTIVE SUMMARY

The fifteenth year of the PBID and the first year of the expanded PBID saw the implementation of many new programs that proved to be effective for the properties located within the district boundaries. Downtown property owners and merchants continue to receive the benefit of a comprehensive 24/7 security program as well as an expanded maintenance, marketing and advocacy initiative. All environmental and economic enhancements within the PBID go above and beyond those services provided by the City of Pomona.

The Downtown Pomona Owner's Association ("DPOA"), the PBID's governing body, has implemented a security program to help reduce crime. The PBID is considered a safe and friendly atmosphere for residents, businesses and visitors. This past year more surveillance cameras were added to the Downtown, bringing the total number to 97. These state of the art cameras and recording devices are installed in strategic areas of Downtown. Members of the Pomona Police Department and private security have access to the cameras 24 hours a day. For the 2019/2020 year, the DPOA expects to add several more surveillance cameras in select areas of the downtown.

The maintenance department has continued to provide excellent service. An additional pressure washing machine/trailer was added this year to enhance the cleaning of sidewalks and gutters throughout downtown. Our sweeper truck has helped with parking lot and street debris removal. We will purchase and install more trashcans within the downtown as well as benches, bike racks, planters, directional signage, to make the area more pedestrian friendly. The DPOA has plans to purchase and install more pet clean-up stations for the Downtown, bringing the total to 21.

The PBID is marketed through a variety of mediums such as print and internet. To further enhance the power of electronic advertising and networking, the DPOA uses various social media accounts such as, a Website, Facebook, YouTube, Twitter, and Instagram accounts as well as phone apps. The DPOA has developed signature events for the Downtown: The Art Walk, Antique Street Collectors Faire, and Pomona Christmas Parade. This year we are sponsoring a Lunar Festival and the 25<sup>th</sup> anniversary of the Arts Colony. In addition, the DPOA Sponsors and helps organize other events such as, Cinco de Mayo Festival, Car Shows, youth boxing matches and others.

## ACTIVITIES AND IMPROVEMENTS

**Security:** The 2019/2020 security budget is \$449,875. The Joint Operations committee oversees the security operations. Since the creation of the PBID; almost \$5 million has been spent on downtown police and security by the DPOA. Security and safety issues are applied with an element of common sense that provides a level of comfort to City Officials and Police, while creating a pleasant experience for the general public.

### **On-going and future projects:**

- Seven days a week and 24 hours a day, the PBID is patrolled by private security or two dedicated Pomona Police Officers. This has helped to significantly reduce crime and create a safe-friendly atmosphere for residents, businesses and visitors.
- PBID police and private security can be contacted directly via a new hotline phone number, allowing merchants and residents to call for assistance when necessary.
- Private security patrols downtown by car, foot, and Bike, making them more visible to the public eye and further improving relationships between security and downtown residents and visitors.
- State of the art cameras and recording devices are installed and running throughout the downtown. These systems can be viewed and controlled remotely, through computers or smart phones. This allows the Police Department to have access to the cameras 24 hours a day from anywhere in the world.
- DPOA plans to install more surveillance cameras this year, covering a greater area of downtown.
- DPOA is recording graffiti incidents for identification by police and school officials, leading to the arrest and conviction of taggers.
- DPOA has partnered with VPD to provide additional security in the downtown parking lots via surveillance cameras.
- The DPOA partners with the Mission Promenade HOA to provide private security to the complex on busy nights of the week.

**Maintenance:** The 2019/2020 maintenance budget is \$427,749. The Joint Operations committee oversees maintenance operations. The DPOA has four full time maintenance persons to perform power washing, trash clean up, weeding and other maintenance duties. The DPOA has implemented a comprehensive power washing program to clean all sidewalks and plazas in the downtown. Three GEM electric vehicle and additional state of the art machinery was purchased to facilitate this program and is compliant with SWPPS storm water prevention requirements. Since the creation of the PBID, the DPOA has funded almost \$3 million for cleaning and maintenance programs within the PBID.

**On-going and future projects:**

- DPOA's sweeper truck to help clean parking lots faster and with greater efficiency.
- The old leaf blowers were replaced with environmentally friendly quiet leaf blowers. The maintenance team can quickly clean up sidewalks and street debris while reducing exhaust emissions.
- DPOA has contracted with the City's VPD commission to provide sweeping services for downtown parking lots.
- The DPOA has contracted with the Public Works department to empty all trash cans in the downtown on a regularly scheduled basis.
- The DPOA was contracted to clean & service the four Millard Sheets Fountains located downtown.
- Worked with the Public Works department to remove all downtown pay phones.
- A graffiti film program is now in place. The maintenance team installs and/or replaces graffiti film as needed for etched windows, at cost. This service minimizes the merchant's cost of replacing expensive glass.
- DPOA's bucket truck is being used to safely lift personnel into the air to perform work such as banner and flag installment, or graffiti removal.
- Purchased an additional pressure washing machine, we now have two.
- Plans to continue the pressure washer program on a more frequent basis.
- Light poles and bollards will be repainted.
- The 'arches' will be repainted.
- Plans to install more trash cans, bringing total to over 160.
- Plans to install more benches, bike racks, directional signage, and planters.
- Research is being developed to improve night lighting throughout the downtown.
- Monitoring and assistance in keeping all trash bin areas in the downtown clean, secure and orderly.
- Emergency light bars have been installed on all maintenance vehicles. This will help provide additional warning of a hazard when the vehicles are stationary.
- Additional pocket parks are being installed throughout downtown to make the area more pedestrian friendly. Each 'park' houses a bench, bike rack, planters and trash can.
- Twenty one Pet Stations have been installed throughout the downtown.

**Marketing:** The 2019/2020 marketing budget is \$333,520. The marketing committee oversees the implementation of marketing programs. In addition to ongoing advertising in local and regional publications, the Marketing Committee funds the printing of the Art Walk Map, the creation and printing of Antique Row visitor's guides, and hospitality brochures. Since the creation of the PBID, the DPOA has funded over \$3 million towards marketing the downtown to prospective clients, businesses, residents, and the general public. Through these efforts, the downtown is now host to over 1 million visitors a year.

### **On-going and future projects:**

- The trolley bus, “Charlie”, was purchased so locals and visitors can explore the heart of the City and experience the best shopping, arts, and entertainment.
- DPOA continues to organize and sponsor the Pomona Christmas Parade, Farmers Market, Art Walk, the Antique Street Collector’s Faire, Arts Colony Anniversary, Concerts, Cinco de Mayo, and the Lunar Festival. These events draw thousands of people to the downtown, many are first time visitors.
- Working with scout location companies and the film industry to market Downtown Pomona as a great place to film movies and shoot commercials.
- DPOA continues to help promote the area as a bike friendly community.
- DPOA and the City of Pomona have worked together, in the past, to create a Downtown banner program and while city funds are no longer available (redevelopment), the DPOA has continued with the banner and flag program.
- The DPOA promotes the downtown via social media platforms as possible such as Facebook, YouTube, and Twitter and Instagram accounts.
- DPOA’s office serves as an information center and Art Gallery for all downtown visitors.
- The website, [www.downtownpomona.org](http://www.downtownpomona.org) has been upgraded with a new and fresh look. The website is receiving over 3 million hits a year.
- The DPOA produces and distributes promotional postcards for Antique Row, Arts Colony, 2<sup>nd</sup> Saturday Art Walk, Farmers Market, and hospitality venues.
- Purchase and installation of event banners across the Garey Avenue underpass and on 3<sup>rd</sup> Street and Garey.

### **BUDGET**

The PBID is funded primarily through assessments; however, a large share of its money comes from service contracts and service programs. Maintaining financial balance is a key objective in any organization; the budget is managed through monitoring expenditures and looking for variances. The budget pays for marketing, security, maintenance and administration which include costs for building, equipment, supplies, services, and people.

The approved budget for Fiscal Year 2019/2020 is \$1,364,473. The DPOA estimates half of the budget to be carried over from the prior year due to timelines for funding versus the DPOA’s fiscal year calendar. The budget is shown in the table hereto attached, Exhibit A.

### **ASSESSMENTS**

The PBID uses common parcel-based factors to assess special benefit in a commercial/retail/residential business district which are parcel size, street frontage, and building size. Street frontage has been determined to provide approximately 43% of the total assessment, land area approximately 19% of the total assessment and building area approximately 38% of the total assessment. Annual assessments on property will be \$0.0619 (6 cents) per parcel square foot, plus \$17.12 per frontage foot and \$0.193 (20 cents) per building square foot.

The benefits that will be provided to the properties within the district are listed in the diagram below. The percentage of the assessment funds to be distributed for each program is listed next to each program. These services will only be applied to properties within the boundaries of the district.

<b>Service Provided</b>	<b>Percentage of Assessment Funds</b>
Security	32.49%
Street Improvements & Maintenance	31.31%
Marketing, Promotions & Special Events	24.33%
Professional Services and Administration	11.87%
<b>Total</b>	<b>100%</b>

Properties that have had a land use related to parks and utilities are not being assessed the full assessment because these parcels are deemed to benefit from most, but not all, of the proposed District improvements and services. As stated above, these properties receive benefits from security, maintenance and streetscape, and administration, but do not receive any marketing. Approximately 80% of the assessment funds are used for services that benefit these parcels.

Properties that have a land use related to religious organizations, clubs, and lodges and fraternal organizations, and are property tax exempt, are not assessed the full assessment because these parcels are deemed to benefit from most, but not all, of the proposed District improvements and services. As stated above, these properties receive benefits from security, maintenance and streetscape, and administration, but do not receive any marketing. Approximately 5% of the assessment funds are used for services that benefit these parcels.

Properties that are zoned solely for residential or agricultural uses are not assessed as these properties are conclusively presumed to not benefit from the improvements and services funded through the district in accordance with California Streets and Highway Code Section 36632.

Based on the above factors, the resulting assessments are shown in the chart attached hereto as Exhibit B. The PBID assessment will be collected with regular property taxes. The assessment will appear as a separate line item on annual Property Tax bills prepared by the County of Los Angeles.
