

PC RESOLUTION NO.

A RESOLUTION OF THE PLANNING COMMISSION OF THE CITY OF POMONA, CALIFORNIA, APPROVING CONDITIONAL USE PERMIT (CUP 013582-2020) FOR DEVELOPMENT OF A TWELVE UNIT TOWNHOME DEVELOPMENT ON A 0.89-ACRE LOT LOCATED AT 961 E. PHILLIPS BOULEVARD IN THE R-2-S (LOW DENSITY MULTIPLE FAMILY WITH SUPPLEMENTAL OVERLAY) ZONE.

WHEREAS, the applicant, Qiuying Liu, has submitted an application for Conditional Use Permit (013582-2020) to allow construction of a twelve unit townhome development on an existing 0.89-acre lot within the R-2-S, Low Density Multiple-Family Residential with Supplemental Use Overlay Zone.

WHEREAS, a Conditional Use Permit is required for certain development on property with an “S” overlay projects, pursuant to Section .440 of the Pomona Zoning Ordinance;

WHEREAS, a Conditional Use Permit is required for multi-family residential units of ten or more, pursuant to Section .580 of the Pomona Zoning Ordinance;

WHEREAS, the subject site has four existing residential units;

WHEREAS, the City Council approved MAJCOA 11397-2019 for the demolition of the four existing residential units on the subject site;

WHEREAS, the subject property is on a parcel designated as “Residential Neighborhood” on General Plan Land Use Map;

WHEREAS, the proposed development meets all the development standards of the R-2-S (Low Density Multiple Family with Supplemental Overlay) which permits multi-family residences;

WHEREAS, the Planning Commission of the City of Pomona has, after giving notice thereof as required by law, held a public hearing on June 24, 2020, concerning the requested Conditional Use Permit (CUP 013582-2020); and

WHEREAS, the Planning Commission has carefully considered all pertinent testimony, the recommendation of the Planning Division staff and the staff report offered in the case as presented at said noticed public hearing.

NOW, THEREFORE, BE IT HEREBY RESOLVED by the Planning Commission of the City of Pomona, California, as follows:

SECTION 1. The Planning Commission, exercising their independent judgment, has determined that the proposed project meets the criteria for a Class 32 Categorical Exemption (In-fill development) pursuant to Section 15332 of the Guidelines for Implementation of the Environmental

Quality Act (CEQA). Therefore, the project is not subject to further environmental review.

SECTION 2. If any part, provision, or section of this resolution is determined by a court or other legal authority with jurisdiction over the subject matter of this resolution to be unenforceable or invalid, - the remainder of the entirety of this resolution shall not be affected and shall continue in full force and effect. To this end, the provisions of this resolution are severable.

SECTION 3. In accordance with Section .580.B of the Zoning Ordinance, the Planning Commission must make five (5) findings in order to approve Conditional Use Permit (CUP 013582-2020). Based upon a consideration of the whole record before it including, but not limited to, the staff report, public testimony received at the public hearing on this matter, and evidence made part of the public record, the Planning Commission hereby finds as follows:

1. *That the proposed use at the particular location will contribute to the general wellbeing of the neighborhood or community;*

The proposed use of the subject site for residential development, specifically the development of twelve townhome units, at this location will contribute to the general wellbeing of the neighborhood and the community by expanding housing opportunities for residents and by enhancing the appearance of the general area.

2. *That such use will not, under the circumstances of the particular case, be detrimental to the health, safety, peace, or general welfare of persons residing or working in the vicinity or detrimental to the use, valuation or enjoyment of property or improvements in the vicinity;*

The project will not be detrimental to the health, safety, peace, or general welfare of persons residing or working in the vicinity since the project is in full conformance with the development standards and use requirements of the R-2-S Zone. The project will not be detrimental to the use, valuation, and enjoyment of property and improvements in the vicinity since the subject site is consistent with the surrounding properties, which are zoned and planned for residential uses by the General Plan. The new project will also enhance the neighborhood and replace the dilapidated homes.

3. *That the site for the proposed use is of adequate topography, size and shaped to accommodate said use, as well as all yards, spaces, walls, fences, parking, loading, landscaping, and any other features necessary to allow said use with the land and uses in the neighborhood and make it compatible thereto;*

The subject site has adequate topography, size and shape to accommodate the proposed residential development project. Furthermore, the site's characteristics enable the project to conform fully to the development standards of the R-2-S Zone while compatible with other uses in the vicinity.

4. *That the site abuts streets and highways adequate in width and improvements to carry traffic generations typical of the proposed use;*

The subject site has street access directly to East Phillips Boulevard, a minor arterial street with access to both S. Towne Ave. and S. San Antonio Ave. All available access to the subject site are adequate in width to carry traffic generations typical of multi-family residential development projects.

5. *That the granting of such conditional use permit will not adversely affect the General Plan of the city or any other adopted plan of the city and conforms to the provisions of the zoning ordinance.*

The granting of the Conditional Use Permit will not adversely affect the General Plan and conforms to the provisions of the Pomona Zoning Ordinance. The proposed residential use is consistent with the “Residential Neighborhood” place type as designated on the General Plan Land Use Map. The project furthers the goals and objectives of the General Plan by allowing a development that would ensure safe, family-oriented, human-scaled, walkable and livable residential neighborhoods (Goals 6G.G8), and ensure that new residential development is well-integrated into adjacent neighborhood street patterns and provided with pedestrian connections (Goals 6G.G8). The project will develop a site that is currently under-utilized and will contribute to the City’s housing stock in which the General Plan identifies as being under supplied.

SECTION 4. Based on the above finding, the Planning Commission hereby approves Conditional Use Permit (CUP 013582-2020), subject to the following conditions:

PLANNING DIVISION

General Conditions

1. The subject property shall be developed and/or used in a manner consistent with the project plans reviewed and approved by the Planning Commission on June 24, 2020 (with the exception of the front gate to the community which is not approved), and as illustrated in the stamped approved plans. Any major modifications to the approved project plans shall be reviewed and approved by the Planning Commission as part of a modification to the approved plans. Any minor modifications that do not affect the overall intent of the approved project, may be reviewed and approved by the Planning Manager. To the extent any condition in this resolution is not in conformity with the stamped approved plans, the conditions herein shall prevail.
2. This approval shall lapse and become void if construction has not commenced under a valid building permit within one (1) year from the date of this approval (June 24, 2021), in

accordance with Pomona Zoning Ordinance section .580.I. The Planning Commission may extend this period for one (1) year upon receipt of an application for a Time Extension request submitted by the applicant at least thirty days before the expiration date of this approval.

3. The project is subject to a twenty (20) day appeal period. Written appeals may be filed with the City Clerk within twenty days by one or more City Council members, the applicant, or any person owning property within four hundred feet of the exterior boundary of the applicant's property. The appeal shall be filed with the City Clerk within twenty days from the date of action by the Planning Commission.
4. The applicant shall indemnify, protect, defend, and hold harmless, the City, and/or any of its officials, officers, employees, agents, departments, agencies, and instrumentalities thereof, from any and all claims, demands, law suits, writs of mandamus, and other actions and proceedings (whether legal, equitable, declaratory, administrative or adjudicatory in nature), and alternative dispute resolutions procedures (including, but not limited to arbitrations, mediations, and other such procedures), (collectively "Actions"), brought against the City, and/or any of its officials, officers, employees, agents, departments, agencies, and instrumentalities thereof, that challenge, attack, or seek to modify, set aside, void, or annul, the any action of, or any permit or approval issued by, the City and/or any of its officials, officers, employees, agents, departments, agencies, and instrumentalities thereof (including actions approved by the voters of the City), for or concerning the project, whether such Actions are brought under the California Environmental Quality Act, the Planning and Zoning Law, the Subdivisions Map Act, Code of Civil Procedure Section 1085 or 1094.5, or any other state, federal, or local statute, law, ordinance, rule, regulation, or any decision of a court of competent jurisdiction. It is expressly agreed that the City shall have the right to approve, which approval will not be unreasonably withheld, the legal counsel providing the City's defense, and that applicant shall reimburse City for any costs and expenses directly and necessarily incurred by the City in the course of the defense. City shall promptly notify the applicant of any Action brought and City shall cooperate with applicant in the defense of the Action.
5. In case of a violation of any of the conditions of approval and/or City law, the property owner and tenant will be issued a Notice of Correction. If said violation is not remedied within a reasonable period of time and/or a subsequent violations of the conditions of approval and/or City law occurs within ninety (90) days of any Notice of Correction, the property owner shall be held responsible to reimburse the City for all staff time directly attributable to enforcement of the conditions of approval and/or City law, including, but not limited to, revocation of the herein Conditional Use Permit.

Plan Check:

6. The applicant shall include all conditions of approval from Conditional Use Permit (CUP 013582-2020) on the title sheet of construction plans prior to plan check submittal.
7. The installation of fences and walls that were not contemplated as part of this permit will require the submittal of a "Fence and Wall Permit" for review and approval by the Planning Division. Block wall/fencing plans (including a site plan, section drawings, and elevations depicting the height and material of all retaining walls, walls, and fences) consistent with the grading plan shall be submitted to and approved by the Planning Division. Double walls shall be avoided to the greatest extent feasible. The applicant shall coordinate with the adjacent property owner(s) and make reasonable attempts to construct one common property line wall. If coordination with the adjacent property owner(s) cannot be accomplished, the applicant shall construct up to a six (6) foot high decorative wall located entirely within the subject property. Prior to construction of any new walls, a plan must be submitted identifying the removal of any existing walls located on the subject property. Any removal of walls on private property and construction of a new common wall shall include approval by the adjacent property owner(s). The plans shall identify materials, seep holes, and drainage.
8. The proposed common open space areas shall include additional amenities such as playground equipment, barbeque grills, community gardens, and bike racks to the satisfaction of the Planning Manager.

Site Development & Maintenance:

9. During demolition, grading, site development, and/or construction, all requirements of the Pomona Zoning Ordinance and Municipal Code, including the noise provisions, shall be adhered to. All activities including truck deliveries associated with construction and grading will be limited to Monday through Saturday, between 7:00 AM and 8:00 PM, and provided the noise level created by such activities do not exceed the noise standard of 65 dB(A) plus the limits specified in section 18-311(b) as measured on residential property and any vibration created does not endanger the public health, welfare, and safety.
10. There shall be no activity conducted on the subject site that exceeds the noise and vibration parameters of Pomona City Code Section 18-301, *et seq.*, and City Council Ordinance No. 3939 at any time, or such other ordinance enacted related to noise and vibration.
11. The construction area shall be kept clean at all times prior to, during, and until construction is completed.

12. The property owner shall remove any graffiti on the project site within 24 hours of discovery. The paint utilized to cover the graffiti shall substantially match the existing structure. In the event that the paint finish of the abated area is noticeably distinguishable from the rest of the structure, the property owner shall paint additional portions of the building to minimize the disparity, subject to the approval of the Development Services Manager.
13. Any future substantial changes in the approved plans, except as allowed for by the following conditions, shall require a modification to the Conditional Use Permit.
14. The property shall be maintained free of weeds and debris prior, during and after the construction period.
15. Landscaping is to include a variation of trees, shrubs, vines and ground covers, shall be installed and permanently maintained on the subject site. All landscape areas shall be provided with an automated underground irrigation system. Prior to receiving building permit final, the applicant shall obtain the approval from the Planning Division of a precise landscape and irrigation plan prepared by a licensed Landscape Architect, which meets the most current State of California Drought Executive Order Model Water Efficiency Landscape Ordinance (MWELo) and any modification as adopted by the City of Pomona.
16. The precise landscape and irrigation plans shall include landscape area in the rear and side yards of the proposed development, subject to the review and approval of the Planning Division.
17. All plumbing fixtures shall utilize low flow or low water usage appliances (toilets, sinks, water hose, etc.)
18. Any proposed fencing on the subject site shall be in compliance with Section .503-I of the Pomona Zoning Ordinance and subject to review and approval of a Fence and Wall Permit by the Planning Division prior to receiving a final sign-off on building permits.
19. Garage spaces shall be maintained clear at all times and provide sufficient space to allow the parking and storage of two motor vehicles. This condition shall be recorded in deed for enforcement purposes.
20. An on-site manager shall be appointed by the property owner in accordance with Section .5809-17(E)(4) of the Pomona Zoning Ordinance.
21. Applicant shall check in after six months from hearing to update Planning Commission on progress of the construction.

22. Prior to, during, and until construction is completed, the subject property shall be maintained clean and free of debris, trash and clutter at all times, and monitored on a regular basis to ensure compliance with this condition and report any unauthorized trespassing onto the property to the property owner and Police Department. Failure to comply with this condition shall be grounds for revocation of this Conditional Use Permit.
23. Within six months of In order to monitor progress of the development and ensure compliance with the conditions of approval, approximately six months from the date of approval of this Conditional Use Permit, staff shall prepare a report for the Commission on the status of this project. The Commission may receive and file the report or direct staff to initiate revocation proceedings if applicant is deemed to be in violation of the conditions of approval.

BUILDING AND SAFETY DIVISION

24. This project must comply with 2019 California codes.
25. The undergrounding of utility facilities is required. (PMC 62-31).
26. The design must be reviewed and stamped by an architect or engineer licensed in the State of California – (Business and Professions code Sections 5537, 5538 and 6737.1).
27. A building permit shall be obtained for the proposed construction and site development. The design of the building shall comply with the 2019 California Building Codes.
28. All grading shall conform to the 2019 California Building Code, and all other relevant laws, ordinances and resolutions governing grading as adopted by the City of Pomona. The applicant shall obtain a grading permit from the Building & Safety Division prior to commencing any grading or site excavation.
29. Geotechnical and/or soils reports required in order to obtain a grading permit shall be submitted to the Building Official for review and approval prior to issuance of a grading permit. All grading shall be in conformance with the recommendations of the geotechnical/soils reports as approved by the City of Pomona.
30. All proposed work shall comply with the 2019 California Energy Code and all other relevant laws, ordinances and resolutions governing Energy conservation as adopted by the City of Pomona.
31. Proposed project shall comply with the 2019 California Green Building Standards Code and all other relevant laws, ordinances and resolutions governing sustainable design as adopted by the City of Pomona.

32. Proposed project shall be sprinklered and comply with all other relevant laws, ordinances and resolutions governing residential sprinklers as adopted by the City of Pomona.
33. Park and Recreation Improvement Fee shall be \$675 per dwelling unit for new construction. (Ordinance 3506)
34. Building Department comments and conditions are subject to plan check. Comments are based on information provided.
35. Fence and wall plan required.

Land development requirements

36. Property Owner shall submit a **Certificate of Compliance** application to the Public Works Engineering Department, in accordance with the Subdivision Map Act Section 66412.6(b). The Certificate of Compliance shall be reviewed, approved and recorded prior to the issuance of the building permits.
37. Owner shall dedicate to the City of Pomona a 5-foot by 30-foot area at the northwest corner of the lot for the completion of the ultimate right-of-way (60 feet) of Packard Drive.

Improvement plans requirements

38. Applicant/Developer shall submit the **grading, drainage and erosion control plans** for review and approval by the Public Works, Planning and Building and Safety Departments.
 - a. The plans shall be a minimum of 1" = 10' scale to clearly show all the details; the plans shall be submitted on 24" x 36" sheet size with a standard City title block.
 - b. One-foot topographic contours of the site must extend a minimum of 15 feet beyond the boundary lines.
 - c. The plans shall include sufficient cross sections to show all block wall locations, parkway width and all permanent facilities that might require maintenance and access easements.
 - d. Drainage configurations on the existing adjacent properties shall not be altered, redirected or modified in any way.
39. Prior to issuance of the grading permit the Applicant/Developer shall submit **written notifications to the next adjacent (non-City) property owners** as indicated on the Planning Commission meeting notification list regarding the direct and indirect impact associated with the proposed construction. The notification shall include a statement confirming that the existing public services (sewer, water, storm drain) to adjacent property

owners will not be affected by the proposed development and outline the City approval process (City review, public notification, Planning Commission approval, plans on record, etc.). The proposed development shall accept the conveyance of the existing offsite drainage.

40. Prior to the issuance of the grading permit the applicant/developer shall provide **non-interference letters** from all applicable utility agencies for all utility easements located within the areas subject to grading activities. All such documents shall be subject to review and approval by the City Engineer.
41. Prior to issuance of the grading permit the Applicant/Developer shall submit a **soils and geologic report** to address the soil's stability, infiltration rate and geological conditions of the site.
42. Prior to the approval of the final map or of the building permits, whichever occurs first, Applicant/Developer shall submit **public street improvement plans** to include the following items and are responsible for the construction thereof:
 - a. New Phillips Boulevard driveway approach per City standards and ADA requirements.
 - b. New sidewalk, curb and gutter to replace (i) the driveway approaches proposed for removal and (ii) any/all damaged cracked and uplifted sections.
 - c. Removal of the existing curb located along the Phillips Boulevard lot frontage, as said curb encroaches in the public right-of way.
 - d. In the event that project related hardscape, wet and/or dry utility pavement cuts are needed along the Phillips Boulevard property frontage, Asphalt Rubberized Hot Mix (ARHM) overlay paving shall occur in accordance with the City standard A-26-02.
 - e. To address site access safety and required City standard upgrades, the following modification shall be made to the public street lights: refurbish one (1) street light luminaire with LED luminaire on Phillips Boulevard.
 - f. Site runoff shall be intercepted on site and directed to the public storm drain system by use of parkway drains built in compliance with the City standards.
 - g. Existing and proposed sewer, water and storm drain infrastructure, including laterals and easements.
 - h. Unobstructed visibility shall be ensured at the intersection of the proposed driveway and Phillips Boulevard and a note to this effect shall be added to the public street improvement plan.
 - i. Undergrounding of existing and proposed overhead utility lines along the Phillips Boulevard property frontage and onsite shall conform with the City of Pomona

Municipal Code Section 62-31(b) and a note to this effect shall be added to the public street improvement plan.

- j. The parkway landscaped area shall be maintained by the property owner, as required by the City's Municipal Code Section 46-496 and a note to this effect shall be added to the public street improvement plan.
 - k. The parkway landscaped area shall be designed to comply with the City standard A-34-11 (Intersection Sight Distance) and a note to this effect shall be added on the public street improvement plan.
 - l. It is the owner's and the contractor's responsibility to repair all damage to the existing public improvements due to the proposed construction activities and to address all repairs requested by the Public Works Inspector based on the inspector's review of the current condition of the said public improvements and a note to this effect shall be added to the public street improvement plan.
 - m. The property abutting sidewalk, parkway and alley, as applicable, shall be maintained free of weeds, rubbish and refuse by the property owner, as required by the City's Municipal Code Section 18-261 and a note to this effect shall be added to the public street improvement plan.
43. The demolition or relocation of all public improvements (street lights, signs, trees, vaults, catch basins, hydrants, etc.) due to the proposed project construction must be coordinated and agreed upon by the appropriate City departments, shall be designed per City standards and applicable ADA requirements, and must be reviewed and approved by the Engineering Division of the Public Works Department.
44. Applicant/Developer shall identify the existence of all City utilities that may be in conflict with the development and submit protection measures to the City Engineer for those City utilities.
45. If future placement of permanent structures conflicts with location of existing public utilities (water, sewer and storm drain), then improvement plans proposing the relocation or abandonment of identified utilities must be submitted, reviewed and accepted by the Public Works Department. No public utility infrastructure shall be removed or modified as part of the onsite demolition plan approved by the Building and Safety Department.
46. Prior to approval of any improvement plans and/or grading permit issuance Applicant/Developer shall prepare a detailed **hydrology study** based on a 50-year storm event and a hydraulic analysis of the existing and proposed drainage conveyance capacity. The Developer is responsible to comply with the approved hydrology/hydraulic study recommendations necessary to meet minimum Federal, State, County and City requirements.
47. Prior to issuance of the grading permit Applicant/Developer shall implement **storm water** Good Housekeeping Best Management Practices (BMPs) for the site to ensure that pollutants

are not discharged to the municipal storm drain system during construction and throughout occupancy.

48. The final improvement plans, as shown on the Mylar, shall be provided to the City in both hard copy and electronic in AutoCAD v. 2010. Following construction and prior to acceptance of the improvements by the City, the project engineer shall provide hand drafted "AS BUILT" corrections on the original approved Mylars of the final constructed improvements to the satisfaction of the City Engineer. A corrected, "AS BUILT" plan shall also be provided to the City on disk in AutoCAD v. 2010 and .pdf formats.
49. Owner is responsible for the compliance with the special annual levy assessment derived from the current inclusion of the project site into the **City's Street Lighting District and Landscaping Maintenance District**. The Developer shall disclose to any future buyers that the property is within the City of Pomona Lighting and Landscaping District and is subject to annual special taxes. This requirement applies to Assessor Parcel Number 8333-031-013.
50. Prior to the issuance of the building permits Applicant/Developer is responsible for the payment of any/all applicable City **water and sewer connection fees** and shall make proof of payment of the Los Angeles County Sanitation District fees associated with the proposed development.
51. Prior to issuance of the building permits applicant/developer is responsible for paying the project's **impact fees** for traffic signals and control devices, road and highway improvements, public safety improvements and parks.
52. Prior to the issuance of the Certificate of Occupancy Applicant/Developer is responsible for the project's compliance with the USPS Delivery Growth Management Program; related information is available at <https://about.usps.com/what-we-are-doing/current-initiatives/delivery-growth-management/residential-delivery.htm>
53. The plans shall be submitted on 24" x 36" sheet size with a standard City title block, and must correctly identify the property owner, address, legal description, property lines, street centerline, curb-lines, existing and proposed utilities (water, sewer, and storm drain), utility easements, and the public right-of-way areas with dimensions.

Public Works Improvements Permit

All work in the public right-of-way and City easements is subject to review, approval, and permitting requirements of Public Works Department.

54. **Prior to the recordation of the final map or the issuance of the building permits, whichever occurs first, Applicant/Developer shall post surety bonds for all public improvements, including but not limited to: water, sewer, storm drains, street pavement, driveway approach, curb and gutter, sidewalk, parkway landscaping and street lighting.**

55. Permittee shall procure and maintain throughout the period of the Permit the following policies of insurance:
- a. Commercial General Liability;
 - b. Automobile Liability;
 - c. Worker's Compensation as required by the State of California;
- Note: The Commercial General Liability and the Automobile Liability policies shall include the City of Pomona as additional insured.
56. Permittee shall pay fees associated with and possess the City of Pomona Business License.
57. Changes and additions to the proposed work, including but not limited to detail plans for street improvement work, water plans and/or other work associated with this project and due to developer's or City's request shall require additional conditions to be completed by the applicant.

WATER

58. There is currently an existing twelve-inch (12") ACP water main within Phillips Boulevard. The existing localized approximate static pressure for the proposed project area is 60-70 psi. The existing water infrastructure shall be shown on the site plan. Further design comments shall be issued by the WRD regarding the extent of proposed public water and sewer main within the proposed project area.
59. If verification of static pressure is desired, it may be obtained by requesting a fire hydrant flow test from the Public Works Department.
60. Per City records there are existing individual 5/8" meters currently serving 949, 953, 955, and 961 E. Phillips Boulevard. Please identify if these existing meters are to be used in the development.
61. Any private on-site water improvements shall be the owner's responsibility and not the City's.
62. This development shall be served by an above-ground master meter, within a security cage, per City of Pomona standard drawings 13A through 13C. Please obtain aesthetic requirements for the required security cage from the Planning Division. There shall not be any public improvements located onsite to the extent possible.
63. Contact the Los Angeles County Fire Department regarding this project and their proposed requirements for the building, sprinklers and general land development. If new fire hydrants

are required, they shall be placed at least five-feet (5') away from proposed driveways and parking spaces.

64. The City may install meters less than or equal to two-inches (2") in size. Contact the WRD at (909) 620-2212 for information regarding meter installation fees.
65. All newly installed water lines shall be disinfected per the City of Pomona Water Division Standard Specifications for Water Facility Construction before connection to the existing water main.
66. The edge of all new meter vaults, if necessary, should be located in public right-of-way or the sidewalk two inches (2") from the back of the curb per Standard No.'s 11 and 12. Meter (s) cannot be placed in driveways, parking spaces or within the property line, to allow City personnel access to these meters for future maintenance.
67. Approved low lead (0.25%) backflow devices (list the manufacturer and model) are required for the following service lines to the site:
 - a. Reduced pressure principle assembly (RPPA) devices are required for dedicated irrigation service lines to the proposed site;
 - b. Reduced pressure principle assembly (RPPA) devices are required for all domestic services; and
 - c. Double check detector assembly (DCDA) devices for all fire sprinkler service lines.

SEWER

68. A ten-inch (10") VCP sewer main exists within Phillips Boulevard. There is an existing Sanitation Districts of Los Angeles (SDLAC) twenty-one inch (21") RCP transmission sewer main within Phillips Boulevard that may not be connected to for any purpose. The existing sewer infrastructure shall be shown on the site plan.
69. The applicant/developer shall calculate the expected wastewater generated by the building(s) to properly size the sewer lateral(s) to serve the new site. A flow meter test is required in order to determine the existing capacity of the existing ten-inch (10") VCP main. These calculations/reports shall be submitted to the WRD for review and acceptance.
70. New sewer laterals must be constructed per Standard Drawing Numbers S5 and S6. Construction shall also comply with Standard No. A-26-02 per the Public Works Standards.
71. The sewer lateral separation distances, relative to water mains, shall comply with California Code of Regulations, Title 22.

72. Effective January 1, 2017, the City has adopted new service charges for sewer service. For further information on how charges are assessed, contact the City's Public Works Business Services Division.
73. The applicant/developer shall submit and include the following items in the sewer development plan:
- a. The proposed sewer lateral(s) profile and connection to the existing sewer main.
 - b. Construction Notes: The Contractor shall provide all temporary seals enclosures, forced ventilation or other devices as maybe necessary to prevent odor nuisance and solid objects from entering the existing sewer line during construction.

SECTION 5. The Secretary shall certify to the adoption of this Resolution and forward the original to the City Clerk.

APPROVED AND ADOPTED THIS 24TH DAY OF JUNE, 2020.
