WHEREAS, the applicant, Ernesto Martinez, has filed an application for a modification of Conditional Use Permit No. 95-001, being processed under Conditional Use Permit No. 016572-2021 to allow the reestablishment of a Type 41 Alcohol License (On-Sale Beer and Wine) in conjunction with an existing restaurant and minor site plan modifications, on a property located at 1087 E. Holt Avenue;

WHEREAS, the subject site is currently located within the Pomona Corridors Specific Plan – City Gateway Segment;

WHEREAS, the subject site is currently designated “Neighborhood Edge” by the City’s General Plan;

WHEREAS, the approval of a Conditional Use Permit by the Planning Commission is required for the on-sale of alcoholic beverages, pursuant to the Pomona Corridors Specific Plan – City Gateway Segment regulations and Section .580 of the Pomona Zoning Ordinance;

WHEREAS, on March 22, 1995, the Planning Commission adopted Planning Commission Resolution No. 8326 approving a Conditional Use Permit No. 95-001 allowing the on-sale of beer and wine within a bona fide restaurant with a condition that the on-sale of beer remain as an incidental part of the restaurant, for on-site consumption (ABC License Type 41);

WHEREAS, the Planning Commission, after giving notice thereof as required by law, held a public hearing on October 27, 2021, concerning the requested Conditional Use Permit (CUP 016572-2021); and

WHEREAS, the Planning Commission has carefully considered all pertinent testimony, the recommendation of the Planning Division staff and the staff report offered in the case as presented at said noticed public hearing.

NOW, THEREFORE, BE IT HEREBY RESOLVED by the Planning Commission of the City of Pomona, California:

SECTION 1. The Planning Commission exercising their independent judgment has determined that pursuant to the Guidelines for Implementation of the California Environmental Quality Act (CEQA), the project is Categorically Exempt under Section 15301, (Class 1 – Existing Facilities) in that the proposed project is an existing restaurant with no proposed expansions.

SECTION 2. If any part, provision, or section of this resolution is determined by a court or other legal authority with jurisdiction over the subject matter of this resolution to be unenforceable or invalid, the remainder of the entirety of this resolution shall not be affected and shall continue in full force and effect. To this end, the provisions of this resolution are severable.

SECTION 3. In accordance with Section .580.B of the Zoning Ordinance, the Planning Commission must make findings in order to approve Conditional Use Permit (CUP 016572-2021). Based on consideration of the whole record before it, including but not limited to, the staff report, public testimony received at the public hearing on this matter, and evidence made part of the public record, the Planning Commission hereby finds as follows:

1. *That the proposed use at the particular location will contribute to the general well being of the neighborhood or community.*

The sale of alcoholic beverages (On-Sale Beer and Wine – Type 41 ABC license) for on-site consumption will enhance the operation of the restaurant by providing a service and convenience to the public. The sale of alcohol will be incidental to the primary use, which is a restaurant. Furthermore, the addition of alcohol to the services provided will help ensure the economic viability of the restaurant, thus increasing the likelihood that the business will continue operating and providing commercial opportunities to local residents. The (On-Sale Beer and Wine – Type 41) alcohol license will not negatively affect the general welfare of the neighborhood.

2. *That such use will, under the circumstances of the particular case, not be detrimental to the health, safety, peace, or general welfare of persons residing or working in the vicinity or detrimental to the use, valuation or enjoyment of property or improvements in the vicinity.*

As conditioned, the applicant's request will not be detrimental to the health, safety, peace, or general welfare of persons residing or working in the vicinity since the project is in substantial conformance with the development standards and use requirements of the Pomona Zoning Ordinance. The project will not be detrimental to the use, valuation, and enjoyment of property and improvements in the vicinity since the sale of alcohol is for on-site consumption only. Additionally, the applicant's request will not be detrimental to the health, safety, peace, or general welfare of persons residing or working in the vicinity because it is a reestablishment of a previously existing (On-Sale Beer and Wine – Type 41) alcohol license.

3. *That the site for the proposed use is of adequate topography, size, and shape to accommodate said use, as well as all yards, spaces, walls, fences, parking, loading, landscaping, and any other features necessary to allow said use in the neighborhood.*

The subject site was originally developed as a restaurant in 1991 and has continued the use operation with only a change in tenants and a few periods of vacancy. The structure consists

of approximately 4,000 square feet of interior floor area and an exterior surface parking lot. The site is sufficient enough in size to accommodate all of the development standards of the Pomona Corridors Specific Plan – City Gateway Segment.

4. *The site abuts streets and highways adequate in width and improvements to carry traffic generations by the proposed use.*

The subject site takes access from E. Holt Avenue and Clark Avenue, which are capable of handling any additional vehicle trips generated by the proposed use. Moreover, the subject site is located adjacent to OmniTrans transit bus stops, thereby further reducing the number of vehicular trips.

5. *That granting of such conditional use permit will not adversely affect the General Plan of the City and conforms to the provisions of the zoning ordinance.*

The proposed project is in the “Neighborhood Edge” land use designation under the Pomona General Plan. The project conforms to the goals and policies found in the Plan, specifically to “promote the success and improvement of existing corridor development” (Goal 6D.G4), as the proposed action would aid the success of the restaurant, and would continue to support existing commercial strip development (Policy 6D.P7).

SECTION 4. Based upon the above findings, the Planning Commission hereby approves Conditional Use Permit (CUP 016572-2021) subject to compliance with all applicable laws and ordinances of the City as well as the addition of the following conditions, violations of which (or failure to complete any of which) shall constitute grounds for revocation of the conditional use permit or any portion thereof:
