

RESOLUTION NO. 2026-46

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF POMONA, CALIFORNIA, APPROVING A LIST OF PROJECTS FOR FISCAL YEAR 2026-27 FUNDED BY SB-1, THE ROAD REPAIR AND ACCOUNTABILITY ACT OF 2017

WHEREAS, Senate Bill 1 (SB-1), the Road Repair and Accountability Act of 2017 (Chapter 5, Statutes of 2017), was passed by the Legislature and signed into law by the Governor in April 2017 to address the significant multi-modal transportation funding shortfalls statewide;

WHEREAS, SB-1 includes accountability and transparency provisions that will ensure the residents of the City of Pomona (City) are aware of the projects proposed for funding in our community and which projects have been completed each fiscal year;

WHEREAS, the City must adopt by resolution a list of projects proposed to receive fiscal year funding from the Road Maintenance and Rehabilitation Account (RMRA), created by SB-1, which must include a description and the location of each proposed project, a proposed schedule for the project's completion, and the estimated useful life of the improvement;

WHEREAS, the City will receive an estimated \$4,294,133 in RMRA funding in Fiscal Year 2026-27 from SB-1;

WHEREAS, this is the tenth consecutive year in which the City is receiving SB-1 funding and will enable the City to continue working to fund essential road maintenance and rehabilitation projects, safety improvements, and repair and replacement of aging bridges while increasing access and mobility options for the traveling public that would not have otherwise been possible without SB-1;

WHEREAS, the City has undergone a robust public process to ensure public input into our community's transportation priorities/project list;

WHEREAS, the City used a Pavement Management Program to develop the SB-1 project list to ensure revenues are being used on the most high-priority and cost-effective projects that also meet the community's priorities for transportation investment;

WHEREAS, the funding from SB-1 will help the City maintain and rehabilitate up to 28 streets/roads, and active transportation infrastructure throughout the City this year and of similar projects into the future;

WHEREAS, the 2023 California Statewide Local Streets and Roads Needs Assessment found that the City's streets and roads are "at lower risk," and this revenue will help the City increase the overall quality of our road system and over the next decade, if a significant amount of additional funding is realized, will bring our streets and roads into good condition; and

WHEREAS, the SB-1 project list and overall investment in our local streets and roads infrastructure with a focus on basic maintenance and safety, investing in complete streets

infrastructure, and using cutting-edge technology, materials and practices, will have significant positive co-benefits statewide.
